From the Desk of Captain Konys

Our second training is June 20th, starting at 6pm at Station 5. It is the Hybrid/Electric Vehicle class. We have an outside instructor coming in to teach. We opened it up to outside agencies for 20 spots and they are full. All Sullivan members can attend. We have 40 spots for the Sullivan members and if you are attending, please let me know so I can have a head count for food. This class is a very good class that we can all learn more from. If you have any questions, please contact me. Thank you.
