## **FOOD TRUCK REQUIRMENTS**

These are the fire code requirements for food trucks

1. An occupancy permit shall be required by the Sullivan Fire Protections District. The permit is valid for 1 year and is not bound to a specific address. The permit must be displayed and visible at all times.
2. Wheel chocks shall be used to prevent mobile and temporary cooking operations from moving.
3. A minimum of one 2A:10ABC extinguisher shall be provided when a generator or other fuel fired appliance is used, wood or charcoal is used, or electric cooking is performed.
4. Mobile cooking operations shall be separated from buildings or structures, combustible materials, vehicles, and other cooking operations by a minimum of 10'.
5. Mobile or temporary cooking operations shall not block fire department access roads, fire lanes, hydrants, or other fire protections devices.
6. Portable generators shall be positioned so that the exhaust is at least 5' in any direction away from any openings, air intakes, means of egress, or part of the building or vehicle.
7. Flammable liquids shall not be stored inside of the temporary cooking areas.
8. Cylinders shall be secured in an upright position.
9. Deep fat fryers or other appliances having combustible liquids heated by LP gas or electricity shall be protected by an approved hood fire suppression system.

Please give me a call at 314-650-9645 or email [sfpdfiremarshal@gmail.com](mailto:sfpdfiremarshal@gmail.com) if you have any questions . Thank You.
