Area of Achievement

The Fire 1 & 2 Class completed their State written testing on June 3rd and June 17th. The written tests were the culmination of nine months of dedication toward obtaining this certification. The course work involved not only classroom time, but also skills testing in several areas. There were four written tests taken on the two dates above which included Fire I, Fire II, Hazmat OPS, and Hazmat Awareness.

These are the newest State-Certified Firefighter 1&2 firefighters:

Tyler Goodman
Jaymes Hall
Stephanie McCulloch
Chelsea Noack
Jeffrey Read
Zach Martel
Alex Huff – Boles Fire
AJ Schulze – US Navy

GREAT JOB EVERYONE!!! WE ARE VERY PROUD OF YOU 😊

Training Tuesdays:

July 6th

July 20th

Training Opportunities

Lab/printing fees
\$50/class listed below

Who: Lake of the Ozarks west

What: Officer 1

573-374-4442

training@gravoisfire.org or
Asst Chief Jamie Karl 573-374-
4411 jkarl@sbfpd.org

Training Division

Training for July will be taught by Stetson Zelch and Quinton Hildebrandt. The topics to be covered will be Flowing hand lines, Blitz lines, and some basic pumping.

July training on the first and third Tuesday

July Awareness issues:

The Jr. Fire Academy is set for the dates of July 12-17th. Please check with Nick White to see where you can help. This will be a very busy week for the department and help will be appreciated.

We are working on dates for Sonar training with Bourbon Fire. A rep from Hummingbird is going to teach it. The date will be sent out through Aladtec.

UPDATE: Tim Cambel is working with SFPD to make alterations to the burn trailers. This will be completed just in time for Jr Fire Academy. Captain Konys wants to thank everyone who attended the Boat training in May and June.

If there is any topic that you would like to train on then let Captain Konys know so that he can work on getting it on the schedule.

←To the left you will see listed (also check your email, or see postings at ST1) some exciting training opportunities.

Special Recognition

Several crew members were recently recognized for an exceptional life save that took place back on December 23, 2019, but due to COVID, the presentation was postponed until last month.

The crews involved were:

Sullivan Fire: Damon Sumpter, Joe Kincaid, Jacob Dace, Jordan Shortt

Air Evac 13: Trisha Dutt and Robert Umfress

MOBap EMS: Ted Reed and Tyler Melton

Dr. Phillip Mudd

Coordination efforts were through Stacey Hickey and Heather Hall with East Central Regional EMS Committee on behalf of Mrs. Davis.

Amy Davis and her husband Jim had stopped to eat in a local restaurant. Amy soon collapsed going into cardiac arrest. Her husband started chest compressions until EMS and fire arrived on scene. A doctor was also in the restaurant at the same time and assisted. Amy was transported to St Louis where she received further care.

See pages 5 for pictures.

Birthdays

July

Jaymes Hall 13th

Damon Sumpter 17th

Operation Clean Stream

OSC has organized Operation Clean Stream within the Meramec Watershed for 2021 on the following dates: August 21st – August 29th. Volunteers will be participating in park and river cleanup efforts in our area.

If you would like to submit information to be published in this monthly newsletter, the deadline is the 25th of the month prior. This allows time to format and send by the first of the next month. Please email information to the SFPD Office Administrator, Monica Boyer at secsfpd@fdmail.com

Grace City Church addition

Pre-Plans Completed

Knox Boxes

364 N Clark - left of front door

Truck Committee

The Truck Committee met again in June. They plan to meet with the Board of Directors in July to discuss the committee's completion of the preliminaries. Upon Board approval, the committee will start getting bids. If you have any questions, please contact Captain Ray Enloe.

Key Note

Corey put new station keys on all of the truck rings. The new station keys are stamped with the truck number in order to distinguish between the old keys in case any were missed. If you have any problem with a key not working in a station door, please inform Chief Lewis or Corey.

Thank you 😊

Boat Note

A message on 859: When the boat is on the trailer being transported out shifter in reverse...the shoe needs to rest on something instead of bouncing around while trailering. The throttle should not be all the way down, just in reverse until you hear the shoe rest against the plate.

If you have any questions, please call 805.

Dog Days of Summer

On Tuesday, June 22, some special guests visited Station 5 and there were a few pictures captured to commemorate the moment. A Dalmatian Club traveling through the area stopped by to take a look at our Ladder truck and take advantage of a perfect photo op or two.

EXCEPTIONAL LIFE SAVE AWARD
