New Promotions

Join us in welcoming Sullivan Fire Protection District's newest volunteer officers. Recently George Bonney Sr, Nick White, and Stetson Zelch were promoted to the rank of Lieutenant within the district. The district now boasts a total of four Lieutenants who are the front-line officers and supervisors over the volunteer stations. Each Lieutenant's assignment is as follows: Jordon Shortt is over Station 1; Stetson Zelch is over Station 2; Nick White is over Station 3; and George Bonney Sr is over Station 4.

CONGRATULATIONS GUYS!!! Thank you for your dedication and hard work. 😊 *(see page 2 for pic)*

Truck Committee

The Truck Committee has elected to go with Rosenbauer for the two new trucks. Captain Enloe reported that they received B.O.D. approval and have sent the signed proposal off which is the first step in placing the order. Both trucks will have commercial cabs and in addition, they were able to order new Holmotro rescue tools to go on the pumper truck. They are on target to stay within the budget allotted. The new trucks should be available to the district in approximately one year.

If you have any questions, please contact Captain Ray Enloe.

9-11 Memorial Ceremony

Station 5

Everyone is invited to the 20th Anniversary 9-11 Memorial Ceremony at Station 5 at 8 am on Saturday, September 11th. The ceremony will take place in the lower parking lot at the memorial. It is expected to be less than an hour in length. See Captain Ray Enloe for details.

The VFW will be hosting a free Spaghetti Dinner for all Emergency Services Personnel in honor of the 20th anniversary of 9-11. The details are: Sat. 9/11/21 from 12-6 pm at the VFW Hall so mark your calendars.

9-11 Ride for America

On Wednesday, August 25th, a group of eleven bicyclists along with their support group came through Sullivan on an epic journey which originated in Santa Monica, CA on August 1st. These men are part of Fire Velo, a "Fire Service" based 501(c)3 organization cycling club. All funds raised through Fire Velo help provide financial assistance to fire service-based groups and causes. Their journey will take 40 days, over 3,300 miles, and go through 14 states. It is scheduled to culminate in NYC on August 9th, just in time for the 20th anniversary of 9-11. The group, comprised primarily of firefighters, was staggered with the faster riders out front by miles, and the slower paced riders along with their support vehicles bringing up the rear. Crew C, as well as Chief Lewis and myself in the Chief's truck, gave them an escort thru Sullivan to the Stanton exit on the south Service Rd. Once there, that part of the team rendezvoused with the support crew for a water and lunch break. Many fire departments along their route come out to meet and provide an escort for them as a show of support for their efforts. These men have been enduring extreme temperatures on their route which took them through sections of Arizona, New Mexico, and Texas as well as very long days. I was told their daily mileage varied. On Wednesday it was a 110.5-mile day ending in St. Louis for the night with 5,155 feet of climbing. They were on day 6 of 8 consecutive before getting a rest day at the point we met them on Wednesday.

I captured a picture of the group we escorted along with the on duty crew. *(see page 5 for pic)*

For additional information on their organization along with their route and more pictures, check out their website at firevelo.com.
