Dear Friend of Brian's Safehouse:

February, 2026

We are asking you to make a donation for the Brian's Safehouse Annual Banquet and Fundraiser to be held on Saturday, April 25, 6 pm at the Beckley-Raleigh County Convention Center. We are celebrating the faithfulness of the Lord and our supporters through 18 years of serving those seeking freedom from substance use disorders.

The workshop is under roof! We've received donations and grants, and the final funds are needed to bring it to completion, so this year's fundraiser is focusing on "The Master's Workshop: Crafting New Beginnings". The workshop will provide space for our Industry Program as we teach residents and graduates essential work skills while generating income that will help grow the programs of Brian's Safehouse. The Industry Program is designed to produce graduates who bring excellency to their own lives, their family's, and to the local labor force.

Brian's Safehouse is a faith-based, long-term, residential recovery program helping adults learn how to become completely free from their addictions while living in a safe environment, protected from drugs and alcohol. Our programs include an aftercare program, transition housing, and recovery classes in addition to our residential program. By teaching men and women to recognize triggers, deal with past and present issues, and to own the damage their behaviors have caused to others, they can go out into the world and become loving parents and productive citizens. Our graduates reunite with their families, join the workforce, and are free from chemical dependencies.

There is hope for addiction, and your partnership makes a difference!

Sincerely,

Leon Brush,  
CEO

P.S. Call me if you'd like more if you'd like more information about the workshop; Leslie Pease at 304.673.8012 (Cell) can provide more sponsorship information and help with tickets.

*Our Mission: to provide a safe place while teaching and assisting men and women to become completely free from substance use disorders and the corresponding lifestyles.*
