## GOLF

SPRING SUMMER 2026

# TONE ON TONE

More ways to wear monochromatic than ever. A new season of color makes its way inside sandals and clogs, turning suede footbed linings tonal. Totally eye-catching.

# RESORT-READY ESSENTIALS

Translucent big buckles, platform soles and paradise-perfect colors. Water-friendly styles take inspiration from best-selling fashion collections to become priority on the packing list.

## MORE WAYS TO WEAR CLOGS

With more fans looking to wear our clogs than ever, we expand our color assortment throughout the category. The Lutry, Tokio and Naples continue the clogs momentum while setting the tone for what's next.
