

SKY ODYSSEYS LLC

SBA Certified Service-Disabled Veteran-Owned Small Business (SDVOSB)

MISSION OPERATIONS | AEROSPACE CONSULTING | SPECIALIZED FLIGHT SYSTEMS

Sky Odysseys LLC is an SBA Certified Service-Disabled Veteran-Owned Small Business (SDVOSB) providing mission operations, technical support, aerospace consulting, and specialized flight solutions to government, commercial, and research organizations.

Our capabilities span space and aviation operations, combining technical expertise with practical experience in real-time and safety-critical operational environments. Sky Odysseys provides responsive support for mission execution, operational planning, technical problem solving, specialized staffing requirements, and airborne missions.

CORE COMPETENCIES

MISSION OPERATIONS

- Satellite Mission Operations
- Telemetry, Tracking & Command (TT&C;)
- Real-Time Mission Support
- Mission Planning & Execution
- Operational Procedure Development
- Anomaly Response & Operational Decision Support
- Operations Team Augmentation
- Technical & Mission Operations Staffing
- Shift & Surge Operations Support
- Training & Qualification Support

AEROSPACE CONSULTING

- Aerospace Operations Consulting
- Mission Systems Integration
- Flight Operations Planning
- Payload Mission Planning
- Technical Documentation
- Operational Process Improvement
- Mission Concept Development

SPECIALIZED FLIGHT SOLUTIONS

- Airborne Payload Support
- Flight Test Support
- Sensor & Payload Evaluation
- Lighter-Than-Air Flight Operations
- Flight Profile Development
- Payload Integration Support
- Experimental Mission Support
- Custom Flight Operations

DIFFERENTIATORS

Integrated Space & Flight Operations

Experience spanning real-time space mission operations and active aviation operations.

Technical SDVOSB Capability

SBA-certified SDVOSB combining specialized mission-operations support with operational airborne capabilities.

Scalable Operations Support

Flexible support ranging from individual technical augmentation to expanded mission-operations staffing.

Specialized Airborne Test Platform

Operational lighter-than-air capability supporting customer-furnished payload testing, technology demonstration, and specialized flight requirements.

SPECIALIZED AIRBORNE SUPPORT

Sky Odysseys provides flexible lighter-than-air flight capabilities for organizations requiring airborne testing, payload evaluation, technology demonstration, or specialized flight operations. Our flight capabilities can support customer-furnished sensors, payloads, communications equipment, and experimental systems through mission planning, flight execution, and operational support. Sky Odysseys works with customers and industry partners to develop flight profiles and test approaches tailored to specific technical and mission requirements.

COMPANY INFORMATION

Business Name: Sky Odysseys LLC
Business Type: SBA Certified SDVOSB
UEI: U85YMJWZ8T58 | CAGE: 19UM4
Primary NAICS: 541715 - Research and Development in the Physical, Engineering, and Life Sciences (except Nanotechnology and Biotechnology)
