Most Circled D

Choices, so many Choices...I choose THAT ONE. The... I AM SURE GetAWAY- Right Where I'M AT*

Again, this heART sure knows what it wants, needs and will do anything to maintain the schedule- not be out of balance- structure- formation simply because this heART is a GO GETTER!!! Nothing wrong with a Can-Do Attitude, need- want things in a certain order; however, this can get your brain in an overwhelming... Oh My Goodness what did I get myself into...again, when ALL my emotions need right now is TOO JUST BE.

But, what is that exactly? Your heART will ask. To just be...In the Moment... to Rest and Relax...but, Why Now- When I Am sure this is NOT THE TIME! Your heART is asking YOU...with a WAKE UP- ALARM CLOCK...but...when is the time? What is being envisioned is a little child asking his/her - mom/dad...don't You have time for me?

And this is definitely not to make the heART feel bad or that it has done something wrong. It just needs a MOMENT- In- This- Time- To – Slow- down- a bit. That's All.

You are Destined for Greatness and have Already Accomplished SOOOOOOOO MUCH.***

Now is YOUR Time- for Your inner self, that little ONE to Just Be...and to Rest in what That means- With a Relaxing ahhh haaaa moment of O.K heART I get what You are Trying to Relay to this non- stop beating heart, I give you permission to show me what it's like – Right Where I'M AT- to Just Breathe and Take Me Away...for This Place will Forever and Always be MY GO -TO within, when things OUT THERE try and steal MY Attention Away from YOU.
