Trash & Recycling Days (if applicable)

Description of location trash & recycling need to be placed for pickup

Location of cleaning supplies should accidents occur

Anything I should know about your home or pets

Regarding **Home Surveillance**, please understand that I value the benefits of security devices and use them on my own property. I would, however, like to request that your **indoor** cameras be either disabled or redirected. Also I must insist upon no cameras in private areas (bathroom & bedroom) and I also do not consent to any audio recording of any kind. We can discuss this further if needed.
