<i>School</i> \$1800 per routine	<i>School</i> \$2500 per routine
<i>Youth/Rec</i> \$1500 per routine	<i>Youth/Rec</i> \$1800 per routine

OTHER OPTIONS

If you are finding the pricing a little out of your budget, here are some other options for you.

1. Discounts may be given for multiple routines being choreographed within the same program, school or organization. Ask for details.
2. You can choreograph the routine yourself and have the choreographer come in for a "spruce-up" session. The cost of this is \$200 per hour and you must book at least 4 hours to teach.
3. You can also have the choreographer do just sections of your routine.

Dance Section
Pyramid
Stunt/Toss Sections

Jump/Tumble Sections
Intro/Transitions Sections:

These need to be between 3 – 4 hour sessions to teach. The prices are as follows:

\$850 All Star

\$750 School

\$650 Youth

Prices do not include the following:

Music

Hotel (if needed)

Travel (flights or mileage of \$.55 per mile to drive)

Rental Car (if needed)

Meal Stipend of \$40.00 a day.

You are responsible for finding your own music producer and filling out the count sheets for the music producer you chose. (Prices range from \$700 - \$2000 per piece of music).

It is preferred to work in 4 to 6 hour increments with an hour break after each session. An entire routine can be done in a day, but that is not a great option for the athletes especially if they are youth age or younger and/or less experienced.

It is required that every athlete is present. If someone needs to miss you need to replace them with another athlete for choreography purposes only. It is not needed for them to be of the same talent level.

Full routine prices in the U.S. can be discounted if the choreography is being done during the off-season December-March. Ask for more details.

Contact Morton Bergue for more information, to discuss your needs and to set up your choreography session. morton@cheergyms.com. 925-382-8923.
