THESPIAN SHOWCASE AND PARENT MEETING

Students attending the Texas Thespian Festival will perform their competition pieces and showcase their work in the Black Box on November 19th at 6:00pm. This is the opportunity for parents to see the talent, and to attend a brief parent meeting prior to the festival. Please attend! If your student requires medication for the trip, please bring prescriptions in their bottle, along with the signed medical forms (the same as those required by the nurse's office). Students will depart CPHS on 11/20/24 at 12:00pm and will return on 11/23/24 at approximately 9:30pm. We will create a GroupMe thread for parents and guardians of students attending, to keep you updated in real time.

TITANIC THE MUSICAL

Rehearsals are underway for this spectacular production. Students are working hard on the design, choreography, vocals, and acting. Costumes will be rented soon, and the set materials will be purchased. Show fees are due by December 6th. As always, we will reach out with requests for help with concessions, ticket sales, tech week meals, and other tasks associated with this large production. It will require "all hands on deck!" (See what I did there?)

TONY N TINA'S WEDDING

Congratulations to the cast and crew of the dinner theatre! Despite lagging pre-sales, the show exceeded our budget expectations and came out ahead in the end. It was the most attended dinner theatre to date. Thank you to the amazing booster volunteers who showed up early, served meals, and stayed late to clean up. We are grateful for your support, and could not do it without you. For those who could not volunteer this time, we look forward to your help with Titanic!
