HELP WANTED

It takes many volunteers to support every production and event of the season. The booster board is seeking two dedicated volunteers to coordinate parts of the season along with our Hospitality Chair. This may include show-related activities such as student meals for tech week, concessions, and ticket sales, or special events like the fall Dinner Theatre, meals for Thespian Festival, meals for UIL Cabin weekend, or end of year Theatre Banquet. Please let us know if you are willing to take on part of the duties associated with hospitality.
