

## DISPOSABLE SURGICAL BASICS

**Lap Sponges and O.R. Towels**

Promote Safety with Unsurpassed Quality and Selection

# HELP MAKE YOUR O.R. SAFE, ONE TOWEL AND LAP SPONGE AT A TIME.

When bacteria attaches to lint particles from drapes, gowns and towels, they can contaminate instruments, devices, gloves or even an open surgical wound. The result can be infections and other complications leading to poor outcomes.

To help prevent this from occurring, Medline provides the highest quality and largest selection of innovative O.R. towels and lap sponges in the industry, including products that are low-linting, X-ray detectable and environmentally-friendly.

As the leading provider of healthcare textiles and O.R. supplies, you can count on Medline to deliver the highest quality products at the best value, where and when you need them.

### **Innovation**

Medline's heritage of quality and innovation dates back to 1910. From the introduction of colored surgeon's gowns back in the 1940s to our new dye-free O.R. towels, X-ray detectable towels and non-woven, low-linting towels, Medline is at the forefront of enhancing safety for patients and staff.

### **Quality**

As a manufacturer, we have complete control over the entire production process, including the raw materials and manufacturing methods. Our 550-plus quality inspectors world-wide ensure that we maintain the strictest manufacturing and quality standards that meet or exceed FDA regulations.

### **Value**

We are a manufacturer that delivers direct to the end user, which means we eliminate the middleman to provide you with the best prices and highest value in the industry.

### **Selection**

As the largest provider of O.R. towels and lap sponges in the country, we offer the broadest selection in the industry to meet the full range of our customers' needs.

### Standard and Deluxe O.R. Towels

Our best-selling standard and deluxe O.R. towels are manufactured to the highest specifications and available sterile, non-sterile and in various colors and quantities to meet your needs.

- » Highly absorbent
- » Stringent weight and size standards
- » 100% cotton
- » Pre-washed, delinted
- » Not made with natural rubber latex

Blue Standard O.R. Towel

#### Standard O.R. Towels (Standard Weight and Absorbency)

Item No.	Description	Pkg.

MDT216800	Deluxe Green Non-Sterile	100/cs
MDT216803	Deluxe White Non-Sterile	100/cs
MDT216806	Deluxe White Non-Sterile	400/cs

Green Deluxe O.R. Towel

### Non-Woven, Low-Linting O.R. Towels

Medline's new non-woven O.R. towel has 50% less linting than a standard woven towel\* but absorbs faster with the equivalent absorbency of a woven towel. Lower linting can help reduce the risk of cross contamination between surgical instruments and the surgical site to promote a safe O.R. environment and positive patient outcomes.

- » 50% less linting than a standard woven O.R. towel
- » Made from 100% virgin U.S. cotton that contains fewer foreign particles within raw material
- » Soft and durable
- » Absorbs faster with equivalent absorbency of a standard O.R. towel\*
- » Not made with natural rubber latex

100% Cotton  
Non-Woven O.R. Towel

Item No.	Description	Pkg.
MDT216904	Non-Woven, Blue, Non-Sterile	400/cs
MDT2168904	Non-Woven, Blue, Sterile	4/pk, 20 pk/cs
MDT2168294	Non-Woven, Polyester, Rayon Blend, Blue, Sterile	4/pk, 20 pk/cs

\*Source: Data on file and available upon request

## Natural O.R. Towels

Medline's exclusive, patented natural O.R. towel is dye-free and bleach-free but is more absorbent and less linting than our standard O.R. towel. Plus, it has a shorter manufacturing time than standard O.R. towels, resulting in less pollution and waste.

### Why is it eco-friendly?

- » Dye-free
- » Less energy use in manufacturing
- » Bleach-free
- » 100% cotton
- » Pre-washed, delinted
- » Not made with natural rubber latex

### Why is it smart?

- » Helps your surgical team see fine sutures
- » More absorbent (holds 3.5 times more water than the standard O.R. towel)\*
- » Less linting (23% less lint than a standard O.R. towel)\*

Item No.	Description	Pkg.
MDT2168282N	Natural Sterile Deluxe	2/pk, 40 pk/cs
MDT2168284N	Natural Sterile Deluxe	4/pk, 20 pk/cs
MDT216801N	Natural Non-Sterile Deluxe	100/cs

Natural O.R. Towel

## X-ray Detectable O.R. Towels

Promote the safety of your O.R. with Medline's X-ray detectable, delinted O.R. towels. Available sterile and non-sterile.

- » Barium strip sewn into seam
- » Yellow stitching to differentiate from standard towels
- » Stringent weight and size standards
- » Pre-washed, delinted
- » Not made with natural rubber latex
- » 100% cotton
- » Highly absorbent

Item No.	Description	Pkg.

NON50511

## Premium Lap Sponges – "Medline Exclusive" (Maximum Absorbency)

Over two times more absorbent than the Medline deluxe lap sponge.

Item No.	Description	Pkg.
MDS251518DLX	Premium Sterile 18 x 18" (45.7 x 45.7 cm)	5/pk, 20 pk/cs

## Sponge Counter Bags

Medline's lap sponge counter system helps promote a safer O.R. by helping you track all of your sponges following a surgical procedure.

- » Easy and accurate counting bags
- » Assists and organizes the counting process in the O.R.
- » Advanced sponge counter rack can hold 4 sets of bags at once

Item No.	Description	Pkg.
DYNJE1000	Sponge Counter Bags, Clear	50/bx, 5 bx/cs
DYNJE1001	Sponge Counter Bags, Blue	50/bx, 5 bx/cs
NON50511	Sponge Counter Bag Rack	1 ea

DYNJE1001

(IV Pole Not Included)

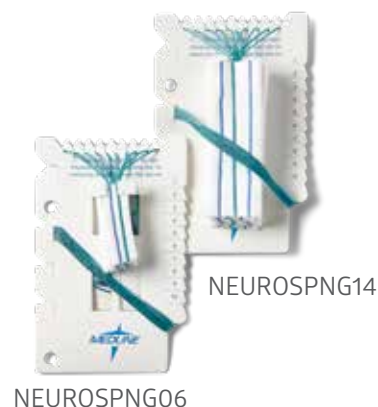

## Neuro Sponges

These high quality neuro sponges are made to your precise specifications so they conform to the body's contours for delicate procedures.

- » High quality fibers reduce linting
- » Sponges are flexible to conform to body contours
- » All sponges have strings to increase visibility
- » Counting card included to assist with counting protocol
- » All sponges are X-ray detectable

Item No.	Description	Pkg.
NEUROSPNG05	Neuro Sponge ½ x ½" (1.27 x 1.27 cm) Sterile	10/pk, 20 pk/cs
NEUROSPNG06	Neuro Sponge ½ x 1" (1.27 x 2.54 cm) Sterile	10/pk, 20 pk/cs
NEUROSPNG07	Neuro Sponge ½ x 1 ½" (1.27 x 3.81 cm) Sterile	10/pk, 20 pk/cs
NEUROSPNG09	Neuro Sponge ½ x 3" (1.27 x 7.62 cm) Sterile	10/pk, 20 pk/cs
NEUROSPNG11	Neuro Sponge ¾ x ¾" (1.905 x 1.905 cm) Sterile	10/pk, 20 pk/cs
NEUROSPNG13	Neuro Sponge 1 x 1" (2.54 x 2.54cm) Sterile	10/pk, 20 pk/cs
NEUROSPNG14	Neuro Sponge 1 x 3" (2.54 x 7.62 cm) Sterile	10/pk, 20 pk/cs

## Vaginal Packing Sponges

Medline's vaginal packing sponge is specially made to stop excessive bleeding and flow of fluid.

- » Low-linting
- » 100% cotton
- » X-ray detectable to ensure visibility

Item No.	Description	Pkg.
MDS50403	Vaginal Packing Sponge 4 x36" (10.16 x 91.4 cm) Sterile	1 ea/pk, 100 pk/cs

## Specialty Sponges

Medline's specialty sponges are manufactured with the highest quality fibers to reduce linting and provide maximum absorbency.

- » High quality fibers reduce linting
- » All sponges are X-ray detectable to increase visibility
- » Counting device included to assist with counting protocol

Item No.	Description	Pkg.
MDS72038	Peanut Sponge ¾" (0.95 cm) Sterile	5/pk, 50 pk/cs

# LEARN HOW TO PREVENT RETAINED FOREIGN OBJECTS AFTER SURGERY.

While it is a rare occurrence for an instrument or a sponge to be left inside a patient after surgery, the one time it happens is one time too many for the hospital and patient who experiences it. Medline University, Medline's free online educational resource, offers a CE course designed to help improve the safety and savings in your O.R. called "Preventing Retained Foreign Objects After Surgery."

This one-hour course will provide you and your staff with crucial information on this important patient safety event and empower you with effective, real-life strategies you can implement to reduce the risk of retaining a surgical object after surgery. Visit MU at [medlineuniversity.com](http://medlineuniversity.com).

# O.R. TOWEL RECYCLING PROGRAM.

 To earn the greensmart™ label, a product goes through a rigorous verification process. Its environmental impact is assessed from the time the product is made through its final disposal. Only then are the best-of-the-best named a greensmart product.

## A cost-saving green initiative

Nothing helps a hospital's bottom line more than managing waste and expenses. But how can an environmentally conscious hospital afford to go green? With the Medline O.R. Towel Recycling program, you can't afford not to!

## How it works

Your hospital continues to purchase Medline operating room towels. However, rather than paying to dispose of the towels after surgery, Medline arranges a no-charge pickup once the towels have been laundered and boxed.

- » Facilities earn a credit of up to 85 cents a pound on every pickup (500-lb. minimum)
- » Applies to all Medline O.R. towels regardless of color or thickness
- » All towels are repurposed in non-healthcare industries

### DASH® Malleable Surgical Retractor

The DASH disposable surgical retractor is made from malleable, stainless steel mesh surrounded with silastic coating and multiple, integrated layers of absorbent padding for easy reshaping and reforming during surgery.

- » Provides the absorption capacity of 12 gauze pads, thereby reducing the number of sponges used\*
- » Absorbs fluids for maximum visualization in the operative field
- » Minimizes the need for excess bulky metal retractors
- » Can be shaped into almost any form to gently retract tissues and enhance access to the surgical site

For procedures where atraumatic retraction and absorbency are necessary.

Item No.	Description	Pkg.
MDSDASH2	4 x 7" (10.2 x 17.8 cm) Dry Weight 69 grams	5/bx
MDSDASH3	4 x 11" (10.2 x 27.9 cm) Dry Weight 108 grams	5/bx
