

The leader  
in healthcare™

# FITRIGHT®

## What we promise:

To provide market-leading products, support and solutions to aid you in managing incontinence, making it easier than ever before.

## What that means:

You have a true partner for incontinence solutions. We are here to help you overcome challenges and achieve operational excellence for your facility.

## How we do it:

**Market-leading innovations created by clinicians**

**Clinical support you can trust**

**Tools to help you do more with less effort**

**Vertical integration for an operationally strong facility**

---

**300,000+**

# Your big picture partner

Medline has the resources to deliver quality-made products when you need them. Experience the peace of mind that comes with knowing we manage the entire process from the moment a product is made to the second a box arrives at your door – directly from our door to yours.

**Medline** is the largest manufacturer and distributor of medical supplies. We focus on technologies that drive both quality and cost efficiency at every point in the supply chain. So, you can trust that you're getting the best quality products and solutions for the best possible price.

Proudly manufactured  
in the United States\*

**99%+**  
quality  
satisfaction  
**rate\*\***

\*Majority of products are manufactured in the U.S. Made with domestic and foreign materials.  
\*\*Data on file.

## Direct-to-customer savings

Medline sells products directly from our factory to you; assuring you Medline quality, plus better prices – because we pass the savings on to you.

## Customers come first

Our quality metrics make sure every product that goes out the door is one we would use for a friend or family member of our own.

## Tested and trusted

Our machines are equipped with state-of-the-art quality assurance technology that performs full visual inspections on each and every product. We also test performance on a set basis to ensure all of our products meet your expectations.

# 24/7 support\* to make caregivers' lives easier

Managing incontinence isn't easy. Medline is helping healthcare facilities meet the challenge with industry-leading clinical support and expertise. We offer best practice guidelines to deliver actionable recommendations that positively impact outcomes for your facility. Our goal is to make it easier for caregivers to give top-notch incontinence care and select the right products for those in their care.

## A team of trusted clinicians

We work with you to make sure your staff has the knowledge and skills to provide the best incontinence care possible.

- Product in-services, training and education
- Product use analysis and system integration
- Clinical evaluations

## The right product, the right fit

Our color-coded packaging systems make finding the right product and size simple.

A phone app that  
makes it easy

## Sizing has never been easier

Using the FitRight Tape Measure, measure hip-to-hip across the front of the body.

**By color:** Look for the color-coded size right on the tape.  
Example: Blue = Large brief

**By number:** Add 2" to your measurement then multiply by 2.  
Example:  
 $16" + 2" = 18" \times 2 = 36" = \text{Medium brief}$

## The FitRight Assessment Tool

As a healthcare provider, you're on a mission to deliver high-quality care with constantly changing regulations, lower reimbursements and strong pressures to cut costs.

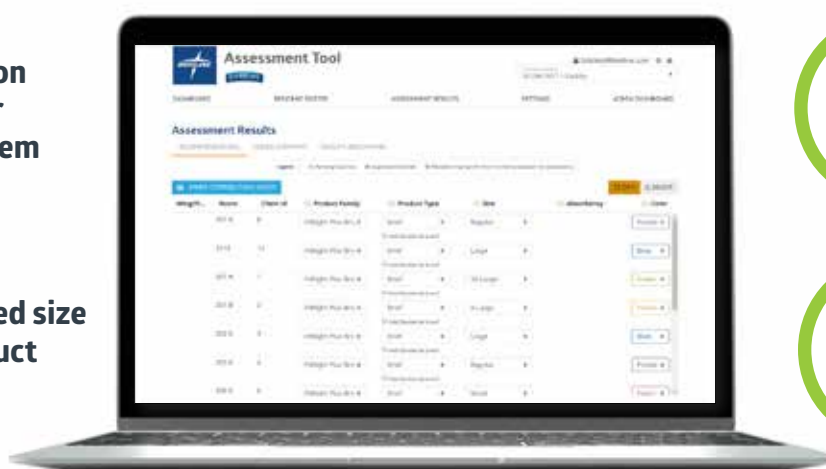

The online FitRight Assessment Tool evaluates your facility's habits to help you increase efficiencies, reduce costs and ensure your residents are in the right product and the right size.

**Integration with your EMR system**

**Automated size and product selection**

**Comprehensive metrics for cost management**

**Insights into utilization data and trends**

**and it's all free to you.**

\*Provided through Medline tools, online resources and clinical support.

# Incontinence solutions designed to improve care

Medline has developed products to meet the clinical needs of any incontinent individual, whether they live at home or in a long-term care setting. Dignity, dryness and comfort are part and parcel of every product we provide.

## A product for every need

### **Briefs**

Heavy bladder and bowel incontinence.

### **Protective Underwear**

Light daytime incontinence; extra protection at night.

### **Bladder Control & Feminine Hygiene**

Light bladder leakage and menstrual protection.

### **Liners & Pants**

Heavy bladder and bowel incontinence.

### **Underpads & Ultrasorbs®**

Open-to-air incontinence management, procedures and surface protection.

### **Baby & Youth**

Diapers and wipes for the little ones.

### **Cleansing & Skin Care**

Wipes, lotions and soaps for gentle cleaning and moisturizing.

# Technology that drives superior performance

## EasyFlex™ Stretch

Easy application for caregivers and the best possible fit for your residents.

## SensiSoft™ Fabric

For an individualized garment-like fit that is soft and gentle on skin.

## Core Channels

Pulls liquid away faster than ever before and disperses it throughout the product to keep skin as dry as possible.

## ComfortAir™

Breathable design for improved microclimate.

## Leak-Stop™ Guards

For those who need that extra protection.

## Extended Use™ Technology

Absorbs 5 times more liquid than ordinary products\*.

## 4D Core™

Locks fluid in, working to keep skin cool and dry.

## High-Absorbency Core

Works to protect skin, save caregivers time and reduce costs.

## Discreet Products

Meeting the individual needs of users.

**FITRIGHT**

# Briefs

Made with a unique 4D Core™ that wicks away moisture and protects against odors. All FitRight briefs are designed to address two important incontinence concerns – keeping skin dry and maintaining skin integrity. Choose the one best suited to the individual's needs.

## Recommended for those who:

- Have heavy bladder and bowel incontinence
- Are bedbound and require a high level of caregiver assistance
- Need containment and maximum moisture protection
- Option to pair briefs with Double Up Booster Pads for added absorbency

# Brief Types

## OptiFit™ Briefs

Our OptiFit™ Briefs provide the best possible fit for your resident. The 4D Core™ and core channel technology work to wick away fluids and protect against odors, including skin-safe closures for secure fastening and repositioning with a soft, garment-like feel.

## EasyFlex™ Stretch Briefs

With a large back panel for extra backside coverage, two-way stretch and a large single tab, our Stretch Briefs are easy to apply and comfortable to wear. And, like all our FitRight Briefs, they do a superior job of wicking away moisture and absorbing odors.

## Remedy Briefs

Infused with botanical nutrient cream, our Remedy Briefs are soothing to the skin. With Leak-Stop™ Guards that keep fluid in, plus a breathable construction that promotes air flow.

## Specialty Size Briefs

With a high-capacity core, our Specialty Size Briefs bring all the benefits of FitRight to discreetly accommodate a range of individuals – including flexible stretch panels for a secure, comfortable fit, cloth-like outer cover and skin-safe closures.

## Extended Wear™ Briefs

Our Extended Wear and Extended Wear Stretch Briefs have a high-performance core designed to keep individuals dry for long periods. They feature a breathable film that allows airflow for an optimal microclimate for skin, plus soft Leak-Stop™ Guards for protection and containment.

# Underpads & Ultrasorbs®

UNDERPADS &  
ULTRASORBS®

# Ultrisorbs®

Ultrisorbs premium underpads fight skin breakdown with powerful absorbing technology.

To provide an ideal microclimate, it's important to use products that absorb and hold moisture away from the skin. Ultrisorbs are made with ultra-soft, air-permeable materials to keep skin dry, control odors and provide maximum user comfort. The backsheet features an AquaShield film to keep fluid contained, and weight capacity options help make boosting and repositioning easy. They're also suitable for use with specialty mattresses.

Medline’s Ultrasorbs portfolio includes a variety of options to help your team manage moisture.
