

Caribbean ABCs

ABOUT THE AUTHOR

Hi! My name is Karllen Lawrence. I was born and raised on the island of Dominica in the Caribbean. Currently, I reside in New York City with my husband and son. I love traveling to other Caribbean destinations as well as other parts of the world, I love dancing especially to Dominica's own Bouyon rhythms and I love doing fun activities with my family and friends.

ABOUT THE BOOK

Caribbean ABCs is a fun and educational children's book, based on an alphabetical journey by eight-year-old Brett who travels throughout the Caribbean and teaches about the different Caribbean countries: their history, their culture, their economy, their food and way of life. After seven years in draft form, I self-published my first children's book - Caribbean ABCs in November 2021. The book is suitable for kids aged 2 to 12 years old.

PLANS

Caribbean ABCs

I am available for interviews and features to discuss my book.

Though I am still very new to this, and with hopefully the pandemic coming to a close, I am available for reading to kids at various fora.

We are working on an eBook version which I plan to host on my website.

We are also looking into doing an audio book.
