**History of involvement with AME/WIM, along with a photo**

My involvement journey in African Methodist Episcopal (AME) women in ministry spans over 12 years. I have been deeply committed to supporting and empowering women within the AME church to fulfil their calling and serve their communities with faith, dedication, and compassion.

As a proud member of the AME denomination, I have actively participated in various initiatives and programs geared towards advancing women in ministry. I have served in leadership roles within the AME Women In Ministry, participated in women's conferences and retreats, and collaborated with fellow sisters in Christ to address social issues, promote spiritual growth, and support needy women.

One of the defining aspects of my involvement in AME women in ministry has been the opportunity to mentor and equip women for leadership roles within the church and beyond. Through mentorship, coaching, and training programs, I have worked to nurture women's gifts and talents, helping them discover their full potential and make a lasting impact in their ministries and communities.

Additionally, I have been actively engaged in advocacy efforts to promote gender equality, inclusivity, and diversity within the AME church, advocating for greater opportunities for women to lead, preach, and serve in various capacities. I strive to create a more inclusive and empowering environment for all women in the AME church by raising awareness and encouraging dialogue on gender-related issues.

My involvement in AME women in ministry has inspired and fulfilled me, allowing me to witness the transformative power of faith, community, and sisterhood. I am grateful for the support, encouragement, and camaraderie of my fellow sisters in Christ within the AME denomination. I am dedicated to continuing my work to advance the role and voice of women in ministry.
