She works as a Human Resources Administrator for the First National Bank in Lesotho. I am truly humbled with my election as Central and Southern African WIM Coordinator, As a new member of the AME/WIM Connectional Executive committee, with the support and assistance of Episcopal presidents. I intend to enhance the inclusion of AME/WIM in Central and Southern Africa and being on the ground I have a better understanding of the cultures, traditions, challenges, and difficulties that female clergy experience.

I will be the liaison that the Executive Committee needs.
