Two Specialty Shows

Dedicated to the Memory of Vicki Guidry

September 26, 2015

Carrollton TX

IN LOVING MEMORY OF VICKI GUIDRY

Vicki Guidry (60) passed away June 27, 2015, at her home in Canton, Texas.

Vicki started showing and breeding Schipperkes in 1982 under the kennel name of J-Vics. One of her first shows was the 1982 SCA National, hosted by the Lone Star Schipperke Club in Irving, Texas. She became a member of LSSC on August 25, 1990.

She produced many champions including Ch. J-Vics Standin Ovation, Ch. J-Vics Standin Tradition, Ch. J-Vics Sudden Impact, Ch. J-Vics Midnight Flyer, Ch. J-Vics Lickety Split, Ch. J-Vics Cherokee Oso, Ch. J-Vics Tux 'n Tails and Ch. J-Vics Velvet Slippers. Her foundation stud dog was Ch. Cherokee Rainman.

Vicki always helped the club in any way she could. She was known and loved by many people all over the country and will be missed terribly.

Vicki is survived by two daughters, Paige and Courtney, a brother and 5 grandchildren.

SCHEDULE OF POINTS

(Effective May 13, 2015)

The Points toward a Championship shall be awarded to the Winner's Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety. If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points. After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for winners Dog or winners Bitch, whichever is greater.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

AKC BREED STANDARD FOR THE SCHIPPERKE

General Appearance

The Schipperke is an agile, active watchdog and hunter of vermin. In appearance he is a small, thickset, cobby, black, tailless dog, with a fox-like face. The dog is square in profile and possesses a distinctive coat, which includes a stand-out ruff, cape and culottes. All of these create a unique silhouette, appearing to slope from shoulders to croup. Males are decidedly masculine without coarseness. Bitches are decidedly feminine without over refinement.

Any deviation from the ideal described in the standard should be penalized to the extent of the deviation. Faults common to all breeds are as undesirable in the Schipperke as in any other breed, even though such faults may not be specifically mentioned in the standard.

Size, Proportion, Substance

Size--The suggested height at the highest point of the withers is 11-13 inches for males and 10-12 inches for bitches. Quality should always take precedence over size. **Proportion**--Square in profile. **Substance**--Thickset.

Head

Expression--The expression is questioning, mischievous, impudent and alert, but never mean or wild. The well proportioned head, accompanied by the correct eyes and ears, will give the dog proper Schipperke expression.

Skull--The skull is of medium width, narrowing toward the muzzle. Seen in profile with the ears laid back, the skull is slightly rounded. The upper jaw is moderately filled in under the eyes, so that, when viewed from above, the head forms a wedge tapering smoothly from the back of the skull to the tip of the nose. The stop is definite but not prominent. The length of the muzzle is slightly less than the length of the skull.

Eyes--The ideal eyes are small, oval rather than round, dark brown, an placed forward on the head.

Ears--The ears are small, triangular, placed high on the head, and, when at attention, very erect. A drop ear or ears is a disqualification.

Nose--The nose is small and black.

Bite--The bite must be scissors or level. Any deviation is to be severely penalized.

Neck, Topline, Body

Neck--The neck is of moderate length, slightly arched and in balance with the rest of the dog to give the correct silhouette. **Topline**--The topline is level or sloping slightly from the withers to the croup. The stand-out ruff adds to the slope, making the dog seem slightly higher at the shoulders than at the rump. **Body**--The chest is broad and deep, and reaches to the elbows. The well sprung ribs (modified oval) are wide behind the shoulders and taper to the sternum. The forechest extends in front of the shoulders between the front legs. The loin is short, muscular and moderately drawn up. The croup is broad and well-rounded with the tail docked. No tail is visually discernible.

Forequarters

The shoulders are well laid back, with the legs extending straight down from the body when viewed from the front. From the side, legs are placed well under the body. Pasterns are short, thick and strong, but still flexible, showing a slight angle when viewed from the side. Dewclaws are generally removed. Feet are small, round and tight. Nails are short, strong and black.

Hindquarters

The hindquarters appear slightly lighter than the forequarters, but are well muscled, and in balance with the front. The hocks are well let down and the stifles are well bent. Extreme angulation is to be penalized. From the rear, the legs extend straight down from the hip through the hock to the feet. Dewclaws must be removed.

Coat

Pattern—The adult coat is highly characteristic and must include several distinct lengths growing naturally in a specific pattern. The coat is short on the face, ears, front of the forelegs and on the hocks; it is medium length on the body, and longer in the ruff, cape, jabot and culottes. The ruff begins in back of the ears and extends completely around the neck; the cape forms an additional distinct layer extending beyond the ruff; the jabot extends across the chest and down between the front legs. The hair down the middle of the back, starting just behind the cape and continuing over the rump, lies flat. It is slightly shorter than the cape but longer than the hair on the sides of the body and sides of the legs. The coat on the rear of the thighs forms culottes, which should be as long as the ruff. Lack of differentiation in coat lengths should be heavily penalized, as it is an essential breed characteristic.

Texture—The coat is abundant, straight and slightly harsh to the touch. The softer undercoat is dense and short on the body and is very dense around the neck, making the ruff stand out. Silky coats, body coats over three inches in length or very short harsh coats are equally incorrect.

Trimming—As the Schipperke is a natural breed, only trimming of the whiskers and the hair between the pads of the feet is optional. Any other trimming must not be done.

Color

The outer coat must be black. Any color other than a natural black is a disqualification. The undercoat, however, may be slightly lighter. During the shedding period, the coat might take on a transitory reddish cast, which is to be penalized to the degree that it detracts from the overall black appearance of the dog. Graying due to age (seven years or older) or occasional white hairs should not be penalized.

Gait

Proper Schipperke movement is a smooth, well coordinated and graceful trot (basically double tracking at a moderate speed), with a tendency to gradually converge toward the center of balance beneath the dog as speed increases. Front and rear must be in perfect balance with good reach in front and drive in the rear. The topline remains level or slightly sloping downward from the shoulders to the rump. Viewed from the front, the elbows remain close to the body. The legs form a straight line from the shoulders through the elbows to the toes, with the feet pointing straight ahead. From the rear, the legs form a straight line from the hip through the hocks to the pads, with the feet pointing straight ahead.

Temperament

The Schipperke is curious, interested in everything around him, and is an excellent and faithful little watchdog. He is reserved with strangers and ready to protect his family and property if necessary. He displays a confident and independent personality, reflecting the breed's original purpose as watchdog and hunter of vermin.

Disqualifications

A drop ear or ears.

Any color other than a natural black.

Approved November 13, 1990; Effective January 1, 1991

petco

Over the last 50 years, Petco has become the trusted source for high quality, premium pet products and services in local neighborhoods across the U.S. We provide the products, services, advice and experiences that keep pets physically fit, mentally alert, socially engaged and emotionally happy. Everything we do is guided by our vision for Healthier Pets. Happier People. Better World.

Come celebrate Petco's 50th anniversary with us on October 3, 2015 at your SW Arlington Petco located at 4001 W Green Oaks Blvd, Arlington, TX 76016. We will be holding a mega adoption event and well as raffling off great prizes!

**Join us next year on October 1st
to help us celebrate our 40th
Anniversary show.**

**Judges will be people who were
actually at our first show.**

**Come join the fun and
celebration.**
