

SUMMER 2026

# SOAR English Institute Montverde Academy

Strive. Own. Achieve. Reach.

## Orlando | Miami

Hosted at Florida's premier Montverde Academy—ranked among Niche's Top Private High Schools and internationally recognized for its elite academics, athletics, and global community—this program immerses students in a dynamic environment where they are inspired to **SOAR: Strive. Own. Achieve. Reach.**

Built on Montverde's culture of innovation, leadership, and high performance, the program combines targeted English learning, experiential activities, and enrichment through Academic English Development (AED) to accelerate language mastery and personal development.

## SOAR English Institute at MVA

Located on the campus of Montverde Academy in Florida, **SOAR — Strive. Own. Achieve. Reach.** — is an immersive academic and cultural experience for international students. Through community engagement, social interaction, and guided exploration along Florida's Space Coast, students experience authentic American life while gaining skills to succeed in global learning environments.

### READING, WRITING, LISTENING, SPEAKING & GRAMMAR.

SOAR Classroom

#### Academic Framework

The SOAR curriculum — Strive. Own. Achieve. Reach. — integrates the five core domains of language learning—Reading, Writing, Listening, Speaking, and Grammar—through active, experience-based instruction designed to bring English to life. Students build fluency, comprehension, and communication skills through a combination of classroom learning, collaborative projects, and real-world practice. Lessons are dynamic, engaging, and focused on preparing students for both academic success and everyday English confidence.

- **American History** – Space exploration, coastal discovery, and influential leaders
- **American Geography** – Regional diversity, beaches, climate, and major landmarks
- **American Traditions** – Holidays, sports, and cultural experiences
- **American Innovation** – Technology, creativity, and global entrepreneurship

#### Language Support

Curriculum designed for non-native English speakers with accessible, experience-based instruction. Pre- and post-assessments measure growth, and Duolingo or TOEFL scores may be submitted to guide placement and ensure language success.

#### Cultural & Experiential Learning

- SOAR extends learning beyond the classroom through community involvement, service projects, student activities, and cultural excursions across Florida's Space Coast.
- Daily interaction with host families and peers offers authentic exposure to American life, building cross-cultural understanding, leadership, and confidence in both academic and social English.
- Guided prompts during field trips and daily activities turn every outing—from beaches to museums—into real-world English practice with classmates and community members.

#### Program Outcomes

Upon completing SOAR: Strive. Own. Achieve. Reach., students will:

- Strengthen proficiency across reading, writing, listening, speaking, and grammar
- Gain confidence in academic and conversational English
- Develop critical thinking, communication, and leadership skills
- Deepen understanding of American culture and education
- Build readiness for success in U.S. and international academic settings

### SOAR Program Overview

#### Monday thru Friday

8:30 a.m. – 12:00 p.m.

#### Academic English Development (AED)

(interactive classes focused on reading, writing, listening, speaking, and grammar)

12:00 – 1:00 p.m. Lunch & Leisure Time with Peers

1:00 – 5:00 p.m. Discover

(Guided cultural, historical, and community-based excursions)

#### Weekend Experience

On Saturdays and Sundays, SOAR students continue their cultural immersion through a variety of supervised weekend outings and community activities across the Orlando area. Students can participate in experiences such as Disney Springs, ICON Park, Lake Eola festivals, Winter Park farmer's markets, local concerts, outlet shopping, and group beach clean-ups at nearby coastal areas. Each weekend blends fun, service, and exploration—allowing students to enjoy authentic Florida life while practicing English naturally beyond the classroom.

#### Academic Standards & Frameworks

The WIDA Framework provides the research-based foundation for developing and assessing English proficiency among multilingual learners.

Programs of this model uphold the professional and academic standards set forth by the Commission on English Language Program Accreditation (CEA) and the American Association of Intensive English Programs (AAIEP), ensuring excellence and integrity in English language education.
