ELearning

Many thanks to our parent partners for making our final ELearning Day a huge success! We appreciate all of the hard work at home that goes into making ELearning work well for our students. Please keep in mind that if your child did not complete their ELearning, they were counted as absent and are expected to make that work up as it is part of their grading for the Fourth Quarter.

Family Fun Night

Please join us this evening for Family Fun Night from 6-8pm. The event is a fundraiser for our Eighth Grade Trip. These students and their families have been hard at work preparing games, snacks, and prizes. We hope to see you there!

Safety Concern

Our Dismissal Team is asking parent support in addressing a growing safety concern. We have seen a few scary incidents with parents and caregivers looking at their cell phones while their cars are in motion. This poses a serious danger to our students and staff. Please share with whomever picks up your child that it is important cell phones are down while students are loading and while cars are in motion. If we work together on this, we can eliminate this dangerous situation. Your support is appreciated.

Calendar Notes

Monday (20):

Poster Contest Begins
