

Chief Executive Officer (CEO) – AI Online Developer +

Location: Remote (Global)

Compensation: \$150,000 annually + stock options (upon meeting funding requirements)

Website: aiondevplus.com

About Us

AI Online Developer + supplies Hospitals with surgery programs that use Apple's Vision Pro glasses. Our mission is to empower hospitals worldwide with the knowledge to harness the power of AI with Vision Pro. With international growth on the horizon, we are now seeking a visionary **Chief Executive Officer (CEO)** to lead the next phase of our journey.

The Role

We are looking for a proven leader with strong **fundraising, sales, and management experience** to secure investment capital and drive global expansion. The CEO will be responsible for building investor relationships, scaling operations, and establishing key partnerships—especially in the healthcare and hospital sector, where our AI solutions will initially focus.

This is a high-impact opportunity for an entrepreneurial leader who thrives in growth-stage companies. The role is remote and reports to the Chairman of the Board.

Key Responsibilities

- **Fundraising:** Secure a minimum of \$2M in initial investment, with a goal of raising up to \$10M to get the job.
- **Investor Relations:** Develop and maintain strong relationships with venture capital firms, angel investors, and strategic partners.
- **Sales & Partnerships:** Lead international business development, with an emphasis on selling to hospitals.
- **Regulatory Research:** Oversee FDA approval pathways and ensure compliance for AI programs in the U.S.
- **Strategic Leadership:** Drive growth strategy, oversee global operations, and build a high-performing sales team.
- **Board Collaboration:** Work closely with the Chairman and incoming Board members to guide long-term direction.

Requirements

- Proven **fundraising success** with a strong investor network.
- Demonstrated **sales leadership** and executive management experience.
- Experience working with or selling to **hospitals or healthcare organizations** (preferred).
- Knowledge of **FDA approval processes** or regulatory requirements in healthcare technology (preferred).
- Strong communication, negotiation, and international business development skills.
- Ability to thrive in a **remote, entrepreneurial, fast-paced** environment.

Compensation & Incentives

- **Base Salary:** \$150,000 annually (contingent on meeting funding milestones).
- **Equity & Stock Options:** Significant ownership stake for the right leader.
- **Leadership Opportunity:** Build and scale an international AI company from the ground up.

How to Apply

If you are a results-driven leader ready to take on this challenge, please:

1. Review our company at aiondevplus.com.
2. Submit your **resume** to **markkembel@gmail.com**.
3. Qualified applicants will be contacted for an initial phone interview.
