"Built In The Scottish Tradition"

The course is much more accessible to many New England Golfers than they think; only located 70 miles (1hr 15 min.) drive from downtown Boston, 15 miles/15 min. The Links is only a 15-20 min. drive from all Southern Maine & Seacoast Areas of NH.

Enjoy our undulating bent grass fairways and greens, which are surrounded by rolling dunes and scattered sand bunkers that come into play throughout this 140-acre course. Golfers will enjoy many spectacular and breathtaking views that will captivate them while playing our Par 71/6,500 yard championship course.

Architect Brian Silva, "Golf World Magazine's Architect of the Year 1999" designed the layout which makes optimal use of the natural landscape in what was once known as The Outlook Farm. Make no mistake about it, this farm has been totally converted into a Links Style Course like those found across the Atlantic Ocean in Scotland and Ireland. "Built in the Scottish Tradition", The Links at Outlook Golf Course was truly designed to have a flavor of Old Traditional Courses.
