MICROGRANT

2025

Dear DCDC Micro Grant Applicant,

Thank you for your participation in the DeWitt County Development Council Micro Grant program! We are excited to learn more about your business – both your successes and the areas for improvement. The program's goal is to help your business grow and thrive in DeWitt County for years to come. The current grant funds have been provided by DeWitt County. All awards are subject to final availability from partner organizations (DeWitt County).

DCDC was founded in 2007 after the county determined a need for an organization charged with bringing new businesses to the county. In recent years, the organization has increased its focus on supporting local businesses. Our board currently consists of local business leaders from across several industries, who regularly meet to share ideas on ways the organization can further its mission.

The organization strives to actively engage current and potential businesses to market DeWitt County to attract commerce and encourage job growth. DCDC promoted ideas for local business expansion and workforce development, and provides direction for new and existing businesses or commerce seeking resources to enhance business operations.

Additionally, DCDC received funding from the U.S. Dept. of Agriculture's Rural Development program for our Revolving Loan Fund, which acts as gap financing for businesses seeking a loan from a local lender. The loan – a low interest, short-term financial solution – is a great way to realize your business goals. For more information on our RLF, please visit our website.

The goal of our micro grant program is to identify those small businesses that are faced with a project that will enhance daily operations in some way. The total amount awarded between all applicants shall be \$14,000 or more. The following application gives the DCDC Micro Grant committee the chance to review your business history, financials and project specifics to determine if your business will be a grant recipient. Select applicants will be asked to present to the committee to answer questions and provide additional information. Due to the source of these funds, grants are paid on a reimbursement basis and projects must be completed by December 15, 2025.

Applications can be sent via email to info@dcdc-illinois.net or dropped off in-person to the Dewitt County Farm Bureau - DCDC office, located at 1060 IL Highway 54, Clinton, IL 61727. For applicants in the Farmer City area, please contact DCDC for the best method for hard copy submission. The deadline to submit all application information and related financial information is Monday, September 30, 2025.

We appreciate your willingness to provide this information, and we truly value you as a business owner in DeWitt County. Should you have questions, please email info@dcdcillinois.net.

Sincerely,

Curt Homann, Director
