REPORT

The meeting commenced with the Chair discussing the plan to present the changes from this night to the remainder of the Board members who were unable to attend this meeting.

Rules SECTIONS 4 & 5 were reviewed and proposed changes discussed and recommendations were made.

The Chair will take all reviewed and discussed changes for Section 4 & 5, make the changes and present at the December board meeting. Motions will be developed and presented at the January meeting for voting on proposed changes.

The plan is to highlight all changes for the Rules for future use, also send the proposed changes out in an email blast; this will allow the homeowners a chance to see the proposed changes and provide feedback.
