THE DAVID KERR LETTER: THE HILL'S DO PROMOTE THE
DOCUMENTATION TO BE AUTHENTIC CHAIN OF
CUSTODY RELATED TO A PARTICULAR STRADIVARI
VIOLIN.

The violin related to the David Ker
early ownership in 1794 is the
Tuscan Medici Stradivari.

Evidence in cryptology the documentation
being a criminal fabrication promoted by the
Hill's family

Same segment upside down.

The 3 owners before David Ker, Marquis Ariberti, Medici family, the State of Toscan, never owned a supposed Medici Tuscan Stradivari. Pure logic. The David Ker letter is, as usual, entirely fabricated by Annibale Fagnola for the benefit of the Hill's family. The chain of possession is entirely broken in 1794. Ricardo, the next owner from 1870 until 1880 could not possibly own the Tuscan, because the Hill's fabricated a criminal chain of possession. The Tuscan Medici Stradivari was created in 1888 , with the 1716 Messiah Cozio Salabue Stradivari, and introduced to the world by the Hill's in their 1891 Monograms. Annibale Fagnola is the true maker of the Tuscan Medici Stradivari.
