

President report 1/16/24

- Board Roles that will be vacant in the 2024-2025
 - President
 - Vice President
 - Secretary
 - Treasurer

If anyone is interested or has any questions in these roles please email the entire board. We will create an excel sheet to track all those interested in any positions.

- Investigation update not much to update. County attorney ask for a few more pieces of information. Which we provided and now in the waiting period.
- Restock the classroom
 - The teachers that took advantage of submitting their wish list throughly enjoyed being able to choose what they need and having it delivered directly to school. Some didn't get much but I recommended they email their classroom families and let them know where their wish list can be found. Which will be more helpful to let them know to do next year.
 - It was also awesome that we can promote connect classroom, Mrs.deines room, soar store, phy ed and the special education teachers. Previous years they didn't get the chance to let families know what they need.
 - Families can continue to help donate items throughout the year that is the biggest benefit for the wish list being published on the website.
 - Thank you for everyone that donated items.
