"There's nothing quite like a genuine **Timberline[®]** roof!"

Professional installers have long preferred the rugged, dependable performance that only a Timberline[®] roof can offer. That's why Timberline[®] shingles are the *#1-selling architectural shingles* in all of North America.

"Value & Performance In A Natural Wood Shake Look"

for HOMEOWNERS

- **ATTRACTIVE APPEARANCE...** Features the classic Natural Shadow™ effect. Lends any home a subtle, even-toned look with the warmth of wood.
- **SAFER...** Class A fire listing from Underwriters Laboratories, the highest rating possible.
- **GOOD VALUE...** Architecturally stylish, but practically priced.
- **STAYS IN PLACE...** Dura Grip® adhesive seals each shingle tightly and reduces the risk of shingle blow-off. Shingles warranted to withstand winds up to 100 mph.†
- **PEACE OF MIND...** 30-year ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first five years.*
- **PERFECT FINISHING TOUCH...** Use premium Timbertex® ridge cap shingles (in the West, use premium Ridglass® ridge cap shingles).

Smart Choice® ROOF SYSTEM SOLUTION

"Your Best And Safest Choice...Quality You Can Trust Since 1886!"

Leak Barrier

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

Roof Deck Protection

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

Quality Shingles

Choosing the right shingle can increase the value of your home. GAF-Elk offers you many great shingle choices, including **Timberline®**, the #1-selling architectural shingles in North America.

Effective Attic Ventilation

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

Distinctive Ridge Cap Shingles

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

Reliable Low-Slope Membranes

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.

Pre-Cut Starter Strip Shingles

WeatherBlocker™ and **Pro-Start™** pre-cut starter strip shingles provide an upgrade that can save time, eliminate waste, and reduce the risk of blow-off by tightly locking your first course of shingles in place.

Roof Accessory Paint

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

*In the "North," building code requires the use of Leak Barrier at the eaves.
