**Haiti Mission Update**  
 As 2016 draws to a close I can't help but reflect on what our prayers have accomplished and where we are today. What started as a prayer has turned into a place for worship; an orphanage and now an elementary school.

<sup>20</sup>Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us, <sup>21</sup>to him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen. Ephesians 3:20-21 (NIV)

I would like to thank the Churches of Christ and all our volunteers for their continued support to the Haiti Mission and the Notre Maison ~ Our Home ~ Fond

Parisien orphanage. After the Haiti earthquake in 2010 it became apparent that many were desolate and unable to recover. It was our mission to protect the most vulnerable; the children.

Dressed in their new uniform, the children excitedly set off to their first day of school.

After five years of prayer and three years to build, Notre Maison orphanage was opened on November 21, 2015. We are blessed to now support 8 children. Their

ages range from 3 to 7 and consist of 5 girls and 3 boys.

Currently 80% of expenses are being satisfied. We continue to seek monthly support to reach 100%, as

well as, grow and shelter more children. If you would like to sponsor a child or volunteer, please visit our website for how to help.

### What's New?

**Lakeview School in session!**  
 In September 2016 we hired a full-time teacher and started an elementary school called Lakeview. Adhering to the strict educational guidelines the Notre Maison children are attending a one-room school house currently operating within the church building. God willing, our goal is to hire more teachers and add more classes.

**December 2016 Mission Trip**  
 A Haiti Mission team left on December 4th for two weeks. Our Sisters in Christ taught local ladies to sew, while the men attended to repairs.
