To Whom It May Concern:

My relationship with Anthony Rumore related to the security field. Secureone handled the parking guard for a very busy Shopping Center in Phoenix, Arizona. After meeting with Anthony and outlining our specific needs, Anthony used his keen eye and chose the perfect parking officer for our Shopping Center. Anthony spent the time to train the officer for the special needs of the Shopping Center as it related to working with the customers and the tenants of the Shopping Center. We had a long relationship with Anthony and Secureone and cannot thank Anthony enough for providing the Shopping Center and the businesses with the utmost care as he worked the Shopping Center as if it was his own.
