## APRIL 2023 NEWSLETTER

### Something to consider as we Compete this Season.

"A dance competition is the way a certain set of judges view a certain set of dancers on a certain day. If we had done this competition yesterday, or if one of the judges had been someone else, chances are the results would in some way be different. It is good that we compete as dancers, because we compete every day in life. Competitions help to show us where we have been, where we are now, and where we have to aim to go in the future. But it is important to remember that the true worth of anyone, as a dancer or person, will never be measured by a trophy or cash prize." - Richard DiSarno
