

Declaration of a State of Emergency
March 23rd, 2020

Fellow Delaware Water Gap residents, on Friday March 20th at noon and in conjunction with Borough Council, I declared a State of Emergency for our Borough. This declaration is just a precaution to help open the Borough up for possible relief or funding by the State to help us get through the Corona Virus crisis. We have taken all precautions suggested by the State and CDC to help curb the spread of the virus.

In the next few days the Borough will update it's website with information and resources offered by the State and Federal Governments to aid in getting businesses and citizens through the crisis. Our web address is <https://dwgpa.gov>. As always if you have any questions, please feel free to contact the Borough office, myself, Council Pres. Jack Shoemaker or any of your Borough Council Members.
