

"THANK YOU" To all of our DWG Residents and Friends

Dear Friends and Neighbors,

At this time, We just wanted to reach out and let you know that things will get better. We are all very fortunate to live in the Borough of Delaware Water Gap. A place where people have each others backs in times of trouble. These are very trying times but they also create an opportunity for all of us to be there for each other. Call a neighbor or friend and make sure they are okay. If they need help with anything let them know you are there for them. We have volunteers that can deliver one meal a day (except Sundays) and/or do other light errands for our residents if needed. This service is called "The Neighbor Program" and it has been developed to assure no resident of Delaware Water Gap goes hungry. If you would like to receive a meal and/or need some things picked up at the store or pharmacy, please call or text Mayor Larry Freshcorn at (570) 977-1292.

When we get on the other side of this pandemic we will all look back and reflect on what we did to help our neighbors and ourselves to get through it as quickly and successfully as possible. America was built on courage and strength not fear. Together we are fighting this disease and we want to reassure you that if we remain united and determined, then we will overcome it. We hope in the years to come everyone will be able to take pride in how they responded to this challenge. There is light at the end of the tunnel and we will get there together. How soon we get there depends on each and everyone of us adhering to our Governor's guidelines.

Please take this opportunity to stay home and stay safe and reflect on what is really important. The pride in who we are is not a part of our past, it defines our present and our future. In a time of uncertainty and fear, lets be hopeful for what the future holds and that there are better days ahead for us all.

We want to THANK everyone working on the front line, as well as care workers and those carrying out essential roles who selflessly continue their day-to-day duties outside the home in support of us all.

In addition, We want to THANK those of you who are staying at home, thereby helping to protect the vulnerable and sparing many families the pain already felt by those who have lost loved ones.

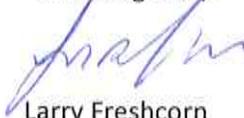

There is a weekly COVID-19 briefing on Blue Ridge Channel 13 every Friday at 10 am for Pocono Residents and daily updates at [https:// www.poconomountains.com/covid-19/](https://www.poconomountains.com/covid-19/).

Your Neighbor,

Jack Shoemaker
President, DWG Borough Council
