- **Be present** and an active participant in class.

\*Changes to the syllabus may be made at the teacher's discretion with notice.

## GRADING POLICY

Grades will be broken down into classwork/homework, participation, and assessments. Final course grades will be calculated using the 4 quarterly grades (weighted equally), a midterm grade (10%) and a final grade (10%). Lateness to class and cell phone use may affect students' participation grade.

## TECHNOLOGY POLICY

- Chromebooks must be brought to class charged.
- Upon entering the classroom, headphones and cell phones must be silenced and stored out of sight. They may not be used unless otherwise directed.
- Failure to follow these expectations will result in disciplinary action and may affect students' class participation grade.

## LATE/MAKE-UP WORK POLICY

- It is expected that all assignments will be turned in on time. In the case of an absence from class, it is students' responsibility to find out what work was missed. There is no excuse for not completing missed work. Students can use email, Remind, or Google Classroom to find out what they missed. Class agendas are posted daily and should be used as a primary point of reference for missed work.
- Assignments graded for participation will not be accepted late. Homework and classwork assignments turned in late will earn partial or zero credit. Students absent on an assessment day, will be expected to make up the assessment upon their return to school. Students removed due to disciplinary action during an assessment will receive a zero for that assessment.
