

We need Bees!

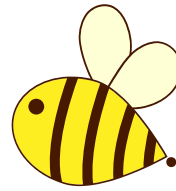

We need them to pollinate the pumpkin flowers so pumpkins will grow

Bees visit over 1,000 flowers in its lifetime

Honey lasts forever because it is already digested

The average bee lifespan is **40** days

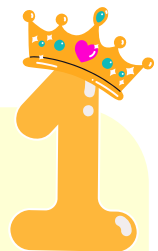

A bee travels up to 2 miles a day

A bee makes a teaspoon of honey in its lifetime

There are 20,000 to 60,000 bees in a hive

There is only **1** queen per hive

The Cullen Pumpkin Farm has 48 hives this year
