Farm Appetite ^{NEW!}

For small commercial markets

Liberty Mutual Insurance's Small Business appetite reflects the classes for which we have the products and capabilities to write successfully. Liberty Mutual defines Small Business as companies with less than \$250K in total account premium. All classes are acceptable for a variety of **Inland Marine** coverages.

▲ **Preferred:** Consistent success writing the business — **Acceptable:** Varying capacity to write the business ▼ **Undesirable:** Limited interest in writing the business

This classification of SIC and GL class codes is intended to help you understand our underwriting appetite. Note that an SIC or GL class code classification may vary by region and/or state, and that all risks are subject to full underwriting review. Being in a preferred SIC or GL class code does not guarantee we will offer a quote. If an account has both preferred and undesirable SIC or GL class codes, we are open to considering it.
