BUILT FOR BUSINESS

## Rising to meet the needs of a changing age

Small business owners are on the front lines of a rapidly evolving economy and face unprecedented change: bold new technologies, disruptive competition and a savvy, more informed clientele. But to their credit, they are undaunted.

They treat every challenge as an opportunity to thrive – not just survive. They are entrepreneurial, ambitious and optimistic to the core; it's our job to make sure nothing stands in their way. That's why choosing the right insurance has never been more important for them – or for you.

You're dedicated to evolving with your small business customers and are committed to delivering the right protection to keep their businesses growing. We are too. And we back it up.

Travelers Select Accounts understands how important it is to build coverage solutions that are “just right” for your clients. It starts with understanding the challenges, risks and nuances that differentiate one small business owner from another, and then having the right answers and solutions to respond.

### A broad, consistent appetite

Your ability to grow your book is tied to the breadth of business you can write. That's why Select Accounts continues to offer one of the broadest appetites in the business. It's an advantage we can all appreciate, and it's not going anywhere.

### Quote with confidence

We've reimaged how we present our risk appetite so you can quote with confidence. We know that when we're clear and concise, you're more efficient and productive. Now, more than ever, Travelers is providing the tools you need to help impress, inform and guide your clients' insurance choice.

### Here's how:

- ▶ One of the broadest appetites in the market – clearly defined as 16 industry segments.
- ▶ At-a-glance industry-specific appetite and eligibility guidance.
- ▶ “Most wanted” core and optional coverages to help you deliver a total account solution.
- ▶ Intuitive icons, simple definitions and plain-spoken language make it easier for you to understand the quoting experience.

HERE TO SERVE YOU

BUILT FOR BUSINESS

## Committed to your prosperity

We're driven to help you deliver the strongest, most competitive product and service solutions for your customers. Our new appetite guide is just one of many enhancements designed to make you more successful. Other enhancements include competitive pricing to help you win more business, platform enhancements to make quoting a "breeze" and new product solutions to give you best-in-class advantages over your competition.

And, as always, every policy we deliver is backed by the strength of Travelers, and our more than 160 years of experience writing businesses that are the backbone of our country. Just ask any of the nearly one million small businesses we write today.

### Financial strength

With over 30,000 employees, an A.M. Best rating of A++\* and \$102 billion in assets, you can count on us to be there when you need us.

### Value beyond the policy

It starts with superior coverage at an affordable price, but it doesn't stop there. Access to exclusive risk management and industry-leading claim services backs up every policy we write. And while many customers may never experience a claim, you can be confident that Travelers' best-in-business support will be there to help those who do.

### Local experience and expertise

Seasoned industry experts, underwriters, forensic investigators and claim professionals are always nearby. They have the local knowledge, connections and resources to quickly and effectively respond to your customers' needs.

\*A.M. Best's rating of A++ applies to certain insurance subsidiaries of Travelers that are members of the Travelers Insurance Companies pool; other subsidiaries are included in another rating pool or are separately rated. For a listing of companies rated by A.M. Best and other rating services, visit [travelers.com](http://travelers.com). Ratings listed herein are current, are used with permission and are subject to changes by the rating services. For the latest rating, access [ambest.com](http://ambest.com).

## SYMBOLS

## What our Select Accounts Appetite Guide symbols mean

We use simple icons to explain our appetite for each type of business. A quick glance should be all it takes to help you understand the business we write and the level of involvement you can expect from our underwriters. And we provide tips along the way to help you classify each account accurately.

### Select Accounts Risk Appetite

#### JUST RIGHT

Select Accounts is ready to write this business! In most cases, agents can quote, bind and issue these accounts quickly and efficiently via Travelers **Express**<sup>®</sup> – our online rating system. While some risk attributes – such as exposure base, coastal location or construction type – may trigger a referral, know that your underwriter is eager to help you get this business into the “win” column.

#### DEFINITELY MAYBE

Select Accounts wants to write this business too. But these accounts tend to have more complex risk characteristics, so we need to understand the account a little better. A quick conversation with an underwriter may be all it takes to deliver a positive outcome for the client.

#### IT'S NOT YOU; IT'S US

Of course, we appreciate every business owner's interest in Travelers, but Select Accounts is not a market for this type of risk. Before you look elsewhere, consider that another Travelers division might be a great fit for this business.

### Travelers Professional Liability/E&O or D&O coverage

For clients in some industries, Professional Liability/E&O or D&O coverage is key. In those cases, you'll see an additional E&O or D&O column. Here, we use two simple icons to let you know whether this coverage is available through Select Accounts or Bond & Specialty Insurance.

#### **COVERAGE IS AVAILABLE WITH MASTER PAC<sup>SM</sup>**

Simple. Coverage for professional services is either automatically included in **Master Pac** or can be added for a nominal fee. No extra application or policy required.

**+ Professional Liability/E&O** is available as a stand-alone policy through Travelers Bond & Specialty Insurance.

#### **Ready to write**

That's it! You have everything you need to understand, use and leverage this guide to quote more business with Travelers Select Accounts. And remember, you can always **reach out to your dedicated Travelers representative for any questions you might have about Select Accounts eligibility.**

Let's get started. Together.

- Seasonal occupancy, resorts or timeshare properties are not eligible.
- No dwellings, college housing, senior/assisted living or nursing homes.
- Marijuana, hemp, or cannabidiol (CBD) processing, handling, sales or distribution (including edible forms) are not eligible.

### Most-wanted coverage options

Our Business Owner's Policy, **Master Pac**<sup>SM</sup>, offers strong core coverage for the property and liability exposures organizations face every day. For more complex exposures, we offer a range of scalable solutions for everything small business owners want to protect.

#### Building Owners Endorsement –

Bundles Ordinance or Law coverages at a set limit and offers higher limits for key coverages.

#### Combined Ordinance or Law –

Covers undamaged portion of building (Coverage A) when at least 10% of building value is covered for demolition or increased cost of construction.

#### Sewer and Drain Backup –

Covers loss or damage to covered property from water or sewage backup, or overflows; extends BIEE coverage, when selected; includes sump overflow.

#### Condominium D&O –

Covers defense costs and compensatory damages resulting from the “wrongful acts” of Directors and Officers – available for Condos and Apartment Cooperatives only.

#### Power Pac Premier<sup>SM</sup> –

Best-in-class coverage enhancement designed specifically for businesses that have more sophisticated insurance needs; 40+ expanded coverage features.

**XTEND Endorsement**<sup>®</sup> for Small Businesses. Provides a package of general liability coverage enhancements, including an extension of coverage to unnamed subsidiaries (other than partnerships and joint ventures) and a blanket waiver of subrogation that protects your trusted partners from our recovery of damages paid.

**Building Glass** – Automatically included with **Master Pac**.

**General Liability** – \$2M/\$4M (Occurrence/Aggregate) limits available for most businesses.
