

- Thursday 11/21 NES will be replacing the transformer at the west end of Building 1. Unfortunately, this will lead to random power outages in building 1 between the hours of 8 a.m to 12 p.m.
- Ballots—If you have not mailed in your ballot, please do so as soon as possible. If you have not received a ballot in the mail, please do so as soon as possible. If you are a renter please verify that your landlord has received and mailed in their ballot. If you have not received a ballot, please check with a board member.
- Wipes- **Please** do **NOT** flush any types of wipes. Many wipes are advertised as flushable, but unfortunately our plumbing system can not handle them.
- Dogs- Barking dogs continue to be an issue. Any dog will bark occasionally, but continuous barking, late night and early morning barking is very inconsiderate to your neighbors.
- Trash- We continue to have issues with trash bags not being secured before being sent down the chutes. It is a health hazard when someone has to collect diapers, used disposable underwear and feminine hygiene products once they fall out of poorly closed trash bags. **Please** make sure that everything is secured. If necessary, please double tie or double bag your trash.
- Roof - We are still working with the insurance company to get repairs done.
- Parking Lot- Parking is becoming a bit of an issue. If you have a vehicle that is not driven on a regular basis, please consider parking a little farther out on the lot. We have many residents that are elderly or have trouble walking. If you are physically able, please consider leaving the closer parking spots for those less able.
