

HICKORY BAY TOWERS ... a great place to live

February 2016 Newsletter

The Board wants to recognize H.C. Caudill and Eulis Lancaster who recently came off the HBT Board. Thank you both for your many years of dedicated service to HBT!

Please welcome our new Board members Bonnie Hartle and Gary Reinke.

IMPORTANT INFORMATION

Make sure you are familiar with your buildings evacuation plan in case of an emergency. This information is posted on each floor by the elevator. In case of fire, always use the stairs to get out, never the elevator. Everyone should meet outside in front of their respective buildings in order to account for everyone. If you or anyone in your unit are unable to go down the stairs and require assistance, make sure that you contact James Arnold at 615-264-0692 to be put on the list for the Fire Department. Being prepared for an emergency could save your life!

Don't forget to check out our website- www.hickorybaycondo.com. There is a lot of information on the website- contact information, minutes of the Board Meetings, Rules and Regulations, Master Deed and Bylaws, Newsletter, Condos for Sale and much more!

REMINDERS:

Spring is coming- Feeding of birds or animals is prohibited. Not only do the birds create a mess, we have trouble with birds building nests in the dryer vents. The only type of grill allowed on the balconies is an electric grill. Nothing can be stored on balconies, planters must be within the railing area, and nothing can be hung or attached to the railings.

All vehicles that belong to an owner or tenant must have an HBT sticker on the vehicle. Please contact Virginia Locke in Building 1 or Arlene Burgess in building 2 if you do not have one.

For security reasons all exterior doors are never to be left open and unattended. We are having issues with the side exit doors being propped open. If you see anyone doing this, please report it to someone on the Board or the Management Company as soon as possible. If this continues we could be forced to take away this entry for everyone and make it an emergency exit only. Thank you for your cooperation with this.
