To Whom It May Concern,

The Johnstown-Monroe Local School District has utilized the services of Mr. Milo George of Professional Sports Field Services, LLC / TurfTecs, LLC for the past five years. During that time Mr. George has provided excellent service, advice and quality control for all of our turf needs. He has performed our annual GMAX testing of the field, helped us establish a proper maintenance plan for the old field, and this past year helped us develop clear specifications for our recently renovated stadium turf and track. In addition, he served as a quality control agent to make sure that the product we purchased was exactly what we ordered and installed correctly.

Mr. George has provided great value to our turf renovation project and turf maintenance program. I highly recommend his services to any school or organization seeking to establish a quality turf maintenance program or contemplating new or renovated stadium turf projects. His expertise will help you cut through the massive amount of information and salesmanship provided by a multitude of turf vendors and yield practical, quality results. I recommend Mr. Milo George with absolutely no equivocation.

Sincerely,

Dale L. Dickson,  
Superintendent
