

DO YOU SUFFER FROM HEAVY MENSTRUAL BLEEDING

DUE TO UTERINE FIBROIDS OR PAIN DUE TO ENDOMETRIOSIS?

Introducing a research study to measure bone safety with the longer use of an already FDA approved medication.

WHO CAN PARTICIPATE?

- ✔ Women aged 18 and older with no major health problems
- ✔ Must suffer from heavy menstrual bleeding due to uterine fibroids or pain due to endometriosis
- ✔ Not planning to become pregnant in the next four years

QUALIFIED PARTICIPANTS MAY RECEIVE:

- Study medications & examinations at no cost
- Compensation for time & travel
