

**STATUTORY DECLARATION
Registration of Fittings**

I, Peter Zaffina, QA Manager
(name of applicant) (position title) (must be in a position of authority)
of Cameron Valves and Measurement
(name of manufacturer)
located at 845 SE 29th Street, Oklahoma City, OK USA 73129
(plant address)

In this space, show facsimile of manufacturer's logo or trademark as it will appear on the fitting.

WKM

do solemnly declare that the fittings listed hereunder, which are subject to the Safety Codes Act (check one)

- ☒ comply with the requirements of ASME B16.34 which specifies the dimensions,
(title of recognized North American Standard)
materials of construction, pressure/temperature ratings and identification marking of the fittings, or
- ☐ are not covered by the provisions of a recognized North American standard and are therefore manufactured to comply with _____ as supported by the attached
(title of code of construction or other applicable document)
data which identifies the dimensions, materials of construction, pressure/temperature ratings and the basis for such ratings, and the marking of the fittings for identification.

I further declare that the manufacture of these fittings is controlled by a quality control program which has been verified by the following authority, ABS Quality Evaluations as being suitable for the manufacture of these fittings to the stated standard. The fittings covered by this declaration, for which I seek registration, are

WKM Ball Valves, Series 320F

(brief description of fittings)

In support of this application, the following information, calculations and/or test data are attached:

WKM Ball Valves, Series 320F Catalog & Design Files (DF-035087)

DECLARED before me at Oklahoma City in the state
(city) (province or state)

this 11th day of October, 2017
(Month) (Year)

(print) Barbara K. Goss
(a Commissioner of Oaths or Notary Public)

(sign) Barbara K. Goss
(a Commissioner of Oaths or Notary Public)

(signature of applicant)

For ABSA Office Use Only:

NOTES: See 2 sheets of attachments for scope

To the best of my knowledge and belief, the application meets the requirements of the Safety Codes Act and CSA Standard B51, Clause 4.2, and is accepted for registration in Category Jan 4/18

Registration Number: OC18111.25

(Signature of the Administrator/SCO)

Date Registered: Jan 4/18

Expiry Date: Nov. 15/2027

The information you provide is necessary only for the administration of the programs as required by the Alberta Safety Codes Act and Regulations in the Pressure Equipment Discipline.

ON

This form may be used to document the Design Scope for fittings that require registration in accordance with the PESR s14 and s17. In each column, provide the information required or list the document number where the information can be found. If the column is not applicable to the fitting design, then indicate N/A.

Note: This form shall be completed and submitted with Form AB-41 Statutory Declaration Registration of Fittings.

Product Description	Primary Pressure Bearing/Retaining Component	Material of Construction	End Connections and Size Range	Design Condition		MDMT	Pressure Class or Schedule	Design Code of Construction or Standard	Catalog page or Drawing numbers
				Pressure at Ambient Temp.	Pressure at Design Temp.
