CHAD CLARK
Principal

Chad Clark, an authority on experiential travel and a self-proclaimed “experience junkie.” Clark gave up corporate life to follow his love for food, wine, culture, destinations, a.k.a. extraordinary travel experiences, and turn it into a business that helps people make the most of their most precious commodity – their time.

Whether traveling with friends, family or alone on a research trip, Clark is all about the experience – and when he finds one he is passionate about, he just has to share it with his clients and friends. He and his company have the contacts, relationships and dedication necessary to ensure his clients have the best possible experiences. Clark has dedicated his life to travel and is amassing an ever-growing “Experience Journal” that he shares online through social media. Viewers can follow Clark through Rome, Sydney, Paris and even in his own backyard golfing in Scottsdale, Arizona. Clark and his team are committed to sampling, connecting, building relationships and, in essence, helping his clients live their next big adventure.

CHAD CLARK TRAVEL VENTURES

Our company works with people who recognize that the types of trips they want require more than time and planning – they require knowledge, experience and connections, all of which Clark and his team can provide. Chad is about enjoying the best life has to offer and helping others enjoy it too. Life is too short. Time is precious. Experiences and moments matter the most. Go beyond executive class travel and go for a Chad Clark Travel Ventures Certified™ Experience. It’s travel that once you experience it, there’s no going back.

Chad Clark Travel Ventures also provides consulting services to fine hotels, resorts and other travel related companies connecting their products & services with high net worth consumers and their representatives.

The CHAD CLARK CERTIFIED 25 is the first of its kind in the travel industry, this initiative will consist of an annual list of the top 25 best travel experiences to be had throughout the world. For more information on “Chad Clark Certified 25,” please visit <http://www.chadclarkcertified.com>
