Please use antifreeze in your tanks to prevent freezing

Trailer Requests – Off-Season Guidelines

If you're planning to purchase a trailer during the off-season, please note:

Trailers 36 ft and over may take additional time for approval

Save The Date

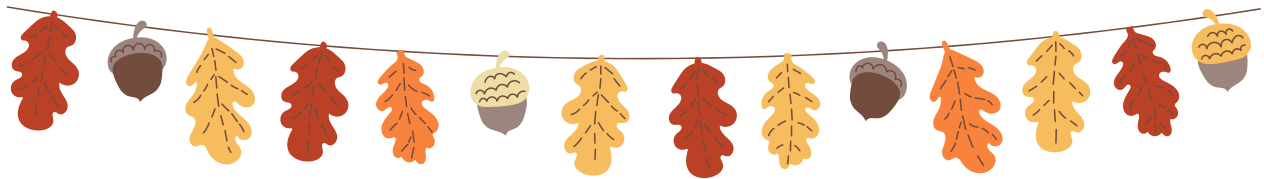

October is one of the best months at the port. Cooler temps and less traffic, so before you close your camper for the season, let's have one final get together, pizza and s'mores! This is also Sea Witch weekend!

Saturday, October 25th - 6pm

No need to RSVP yet, just wanted to give everyone a heads up!

Please be advised that you
are responsible for keeping
your grass cut and
trimmed until the end of
the season!!

All resident who have a storage lot must move their boats, trailers, etc., by October 31st, for the off-season project. Boats may be stored at your trailer site until spring. If too large, use the circle or other visitor parking areas. In the spring, they must be returned to your storage site. Only boats and trailers with valid registrations can be returned. Otherwise, it is prohibited and must be removed from the Port.

Anything left on your storage site after October 31st will be removed at your expense.
