Our Causes

Escabags is an Australian charity dedicated to helping individuals and families escape domestic and family violence by providing practical support at critical moments. Their signature "Escape Bags" are free, discreet kits filled with essential items to give survivors dignity, comfort, and a safe start when fleeing abuse. Founded in 2020 by survivor-advocate Stacy Jane, Escabags now partners with hundreds of community groups, medical practices and businesses across Australia to ensure bags are accessible nationwide through more than 2,000 stockists. Their mission is to provide a practical first step to freedom – helping people escape violence with basic necessities, safety, and dignity at a moment when every detail can matter.

MOTHER HUBBARD'S CUPBOARD responds in practical or financial ways to the needs of the local community. They accept donated goods from the community and either distribute these to needy families or enable keen bargain shoppers to buy them with the funds raised used to provide for our domestic violence survivor families and the homeless. They provide furniture, linen and household packages without cost to families, thus enabling support agencies to reach a satisfactory conclusion for their client families. They provide a hub within the community supporting the community with the aim that no-one in need goes without.
