

Announcing the Arrival of a Revolutionary School

We are thrilled to introduce a revolutionary new method of learning dedicated to transforming perspectives and empowering voices that have long been silenced. Our mission is to create a learning environment that is inclusive, innovative, and inspiring for all...

Our Commitment

At this revolutionary school, we are committed to:

- **Providing a listener for Every Voice:** We believe that every student has a voice and all that's been missing is someone to listen. Our school is designed to amplify these voices, ensuring that every individual is heard and valued.
- **Personalized Learning Journeys:** Our curriculum is designed by our students, their families, and experienced dedicated professionals in our community. By fostering creativity, critical thinking, proactivity, and advocacy, we prepare our students to be competent, confident, and compassionate.
- **Cultivating Respect and Empathy:** We strive to create a community where respect and empathy are at the core of every interaction. Our school is a place where all learners are celebrated, and every student feels a sense of ownership in their educational journey.

Why Choose Us?

- **Innovative Curriculum:** Our approach to education is anything but traditional. We offer a unique take on education, providing developmentally appropriate instruction tailored to the individual preferences and gifts of each child. Each learner has a voice and a choice. Our dedicated educators and Registered Behavior Technicians provide individualized learning plans that empower our graduates to be “ready for the real world”.
- **CollabKids @ Bridgeway Academy:** Your child will have their own collaborative team comprised of 1 Registered Behavior Technician, 1 shared educator, and a peer who is chosen specifically to meet their individual interests, developmental abilities, and personality traits.
- **Bridgeway Young Scholars:** We are not just another school providing an alternative certificate. We are dedicated to becoming a certified institution known for producing exceptional, compassionate, competitive learners. Our Young Scholars program is tailored to the future goals of each student. Like every child at Bridgeway Academy, families have a voice and a choice in the curriculum content and rate of completion.

Join us on this exciting journey as we set new standards in education and empower those who have been unheard. Together, let us build a brighter, more enriching future for all.
