INDEPENDENT AUDITORS' REPORT

Board of Directors St. Croix Valley Habitat for Humanity, Inc. Roberts, Wisconsin

We have audited the accompanying financial statements of St. Croix Valley Habitat for Humanity, Inc. (a nonprofit organization) which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors St. Croix Valley Habitat for Humanity, Inc.

Clifton Larson Allen LLP

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of St. Croix Valley Habitat for Humanity, Inc. as of June 30, 2019 and 2018 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

CliftonLarsonAllen LLP

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

St. Croix Valley Habitat for Humanity, Inc. (Habitat) is a 501c(3) nonprofit organization and is an affiliate of Habitat for Humanity International, Inc. (Habitat International), a nondenominational Christian nonprofit organization whose purpose is to create decent, affordable housing for those in need, and to make decent shelter a matter of conscience with people everywhere. Although Habitat International assists with information resources, training, publications, prayer support, and in other ways, Habitat is primarily and directly responsible for its own operations.

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting, whereby all revenues are recorded when earned, and all expenses are recorded when incurred.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor imposed restrictions. Accordingly, the net assets of Habitat and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Nonoperating activities include all noncash activities relating to discounting mortgages receivable and debt and contributions for capital purposes.

Cash and Cash Equivalents

Habitat considers all highly liquid investments purchased with an initial maturity of three months or less to be cash and cash equivalents. At times, amounts may exceed Federal Deposit Insurance Corporation insured limits.

Assets Limited to Use - Escrow Accounts

Assets limited to use consist of cash in escrow fund accounts held on behalf of clients. Habitat requires all homeowners to deposit into escrow cash to be applied to the current year's real estate taxes and homeowner's insurance. The resulting cash accounts are not considered cash held by Habitat and are offset by escrow accounts payable.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

Accounts receivable are recorded at net realizable value. Habitat accounts for doubtful accounts receivable by the reserve method, based on management's best estimate and past history. All accounts receivable are due on demand. Receivables are assessed individually for collectability based on the surrounding facts and circumstances and management's past history. When all collection efforts have been exhausted, the accounts are written off against the related allowance. As of June 30, 2019 and 2018, no allowance for doubtful accounts was necessary for accounts receivable.

Unconditional Promises to Give

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. All promises to give are expected to be collected within one year.

Home Construction Costs

Costs incurred in conjunction with home construction are capitalized as construction in process. Capitalized construction costs are expensed when ownership transfers to the homeowners. Any post settlement costs are expensed as incurred.

	2019	2018
Homes Under Construction as of July 1	1	-
New Homes Started During the Year	2	1
Homes Transferred During the Year	1	-
Homes Under Construction June 30	2	1

Inventories

Inventory consists of both supplies to be used during home construction and items for resale at Habitat's ReStore business.

Donated inventory, materials, and supplies are recorded at fair market value when they are made available for sale. Prior to being offered for sale and included in inventory, donated items are not valued due to uncertainties concerning their value.

Purchased merchandise inventory is valued at lower of cost or net realizable value.

Land Held for Future Use

Land held for future use consists of vacant lots to be used for future homes or to be sold. Land is valued at cost. Inventory is transferred to cost of homes sold at time of sale to homeowners.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment purchased are stated at cost. Habitat capitalizes items over \$2,500. Donated items are recorded at fair market value at date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulation, contributions of property and equipment are recorded as unrestricted. Depreciation of property and equipment is computed on a straight-line basis over the estimated useful lives of the assets as follows.

Buildings and Improvements 7 to 39 years Equipment and Furnishings 5 to 7 years Vehicles 5 to 7 years

Mortgages Receivable

Mortgage notes receivable entered into at rates substantially below market rates are discounted to net present value. The discounts are charged directly to operations at the inception of the mortgage and amortized over the life of the contract. Discount amortization is reported as amortization of discount on mortgages on the statements of activities in the period amortized.

Valuation of Servicing Liability

Habitat recognizes a liability for servings costs that result from the sale of loans it originates (asset transfers) at fair value in accordance with ASC 860. Servicing liabilities from asset transfers are initially capitalized and recorded at fair value. Habitat determines the fair value of servicing rights using the present value of estimated future net servicing cost. Servicing liabilities are subsequently recorded using the amortization method which requires servicing liabilities to be amortized in proportion to, and over the period of, the estimated future net servicing income of the underlying loans. The carrying value of servicing liability is included in the statement of financial position.

Servicing liabilities are evaluated for impairment based upon the fair value of the rights as compared to carrying amount. The fair values of servicing liabilities are subject to significant fluctuations as a result of changes in estimated and actual prepayment speeds and default rates and losses. Impairment is determined by assessing risk characteristics, such as interest rate and loan types. Habitat did not recognize any impairment on servicing liabilities for the year ended June 30, 2019.

Allowance for Credit Losses

Habitat's allowance for credit losses is that amount considered adequate to absorb probable losses based on management's evaluations of the size and current risk characteristics of the mortgage loan portfolios. Such evaluations consider historical and current portfolio performance information and experience with clients. Specific allowances for credit losses are established for large impaired notes on an individual basis. A note is considered impaired when, based on current information and events, it is probable that Habitat will be unable to collect the scheduled payments when due according to the contractual terms of the promissory note. The specific allowances established for these loans are based on a thorough analysis of the most probable source of repayment, including the estimated fair value of the underlying collateral.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Allowance for Credit Losses (Continued)

At June 30, 2019, Habitat has individually evaluated mortgage notes for impairment. Management believes all mortgages receivable are realizable through either collection or foreclosure proceeds if not collected.

In-Kind Contributions

In-kind contributions consist of donated land, homes, materials, and specialized labor. Donated land is valued using independent appraisals, or if unavailable, comparative market analysis or the tax appraisal values. Donated materials and specialized labor are valued at market value on the date of donation.

Home Sales

Nearly all sales to homeowners have been financed by Habitat and are recorded when title is transferred. The amount of the first mortgage for homes Habitat developed is classified as operating revenues and the related discount is recorded at the same time as nonoperating activity. Noninterest-bearing mortgages have been discounted based upon prevailing market rates for low-income housing at the inception of the mortgages. Utilizing the effective interest method, this discount will be recognized as income over the term of the mortgage. Interest-bearing mortgages are evaluated at inception for potential discount. Interest-bearing mortgages have been deemed to be at a market rate thus far and no discount has been recognized on these mortgages.

Income Tax Status

Habitat is a nonprofit organizations exempt from paying corporate federal income tax under Section 501 (c)(3) of the Internal Revenue Code. Habitat is also exempt from Wisconsin franchise or income taxes.

Habitat has evaluated their tax positions and determined they have no uncertain tax positions as of June 30, 2019.

Presentation of Sales Taxes

Habitat collects sales taxes from nonexempt customers and remits these taxes to various state and local governments. Habitat's accounting policy is to exclude the tax collected and remitted to the state and local governments from both revenues and expenses.

Advertising

Habitat expenses advertising costs in the period the expense is incurred. Advertising expense was \$1,643 and \$2,984 during the years ended June 30, 2019 and 2018, respectively.

Functional Allocation of Expense

Salaries and related expenses are allocated based on management's estimate of how individual employees spend their time. Expenses, other than salaries and related expenses which are not directly identifiable by program or support service, are allocated based on the best estimates of management.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Adoption of Accounting Principle

The Mission adopted Financial Accounting Standards Board (FASB) ASU 2016-14, Not-for-Profit Entities (Topic 958), Presentation of Financial Statements of Not-for-Profit Entities in 2019. The adoption did not impact the Habitat's financial position as of June 30, 2019 and 2018 or the changes in its net assets for the years then ended.

Subsequent Events

In preparing these financial statements, Habitat has evaluated events and transactions for potential recognition or disclosure through January 21, 2020 the date the financial statements were available to be issued.

NOTE 2 INVENTORY

Inventory consists of the following at June 30:

	 2019	2018		
Supplies	\$ 7,847	\$	7,847	
ReStore Merchandise	 71,994		84,582	
Total Inventory	\$ 79,841	\$	92,429	

NOTE 3 PROPERTY AND EQUIPMENT

A summary of the property and equipment costs and related accumulated depreciation is as follows at June 30:

		2019	 2018
Land	\$	100,000	\$ 100,000
Buildings and Improvements		1,118,083	1,118,083
Equipment		26,466	26,466
Furniture and Fixtures		25,650	25,650
Vehicles		31,902	 46,297
Total	·	1,302,101	 1,316,496
Less: Accumulated Depreciation		(213,294)	 (191,592)
Total Property and Equipment	\$	1,088,807	\$ 1,124,904

Subsequent to year end, assets with value of \$1,252,419 and accumulated depreciation of \$183,698 were disposed of.

NOTE 4 MORTGAGES RECEIVABLE

A Habitat-developed home is considered sold when a formal closing transaction has been finalized. Homes are priced at fair market value based on an appraisal of the property. Contract periods span 20 to 30 years, and monthly payments are no greater than 30% of the family's income at the time of sale. At June 30, 2019, Habitat had 18 mortgages outstanding.

When the first mortgage on each home is less than the market value, Habitat also provides a second mortgage for the difference between the first mortgage and market value. The second mortgage, which is forgiven at the end of the first mortgage term, is assumed to have no economic value and, accordingly, is not recognized in Habitat's financial statements unless such mortgage becomes collectible in accordance with the terms of the mortgage agreement.

The mortgage loans receivable are noninterest-bearing mortgages. At June 30, 2019 and 2018, the composition of mortgages receivable held is as follows:

	 2019	 2018
Mortgages Receivable Held	\$ 1,076,124	\$ 1,220,841
Less: Unamortized Discount	(651,477)	(738,410)
Total	\$ 424,647	\$ 482,431

The held mortgages receivable have been discounted in order to reflect their economic value. The interest rates used to determine the discount range from 7.48% to 8.55% based on prevailing market rates in the year the mortgage was originated. These original discounts and related amortization are reflected as a nonoperating activity in the statement of activities.

There is no allowance for credit losses at June 30, 2019 and 2018.

The following tables show an aging analysis of the mortgages receivables by time past due:

	2019						
		30-89	90 Days or				
	Current	Days Past Due	More Past Due	Total			
Mortgages Receivable	\$ 141,695	\$ 21,513	\$ 261,439	\$ 424,647			
		30-89	90 Days or	_			
	Current	Days Past Due	More Past Due	Total			
Mortgages Receivable	\$ 175,174	\$ 183,147	\$ 124,110	\$ 482,431			

Habitat has sold mortgages it originated to First National Bank of River Falls. These mortgages are not included in mortgages receivable above. However, the agreement requires Habitat to replace a nonperforming loan, which is defined as loan delinquent by 90 days, with another mortgage from its portfolio.
