The safety and well-being of our employees, volunteers, and patrons is of the highest concern of St Croix Valley Habitat. Therefore, the Board wishes to make clear to all volunteers:

1. It is the responsibility of each individual volunteer to ensure they are complying with SCVHFH'S *COVID19 Exposure Prevention and Preparedness Plan* and *Infectious Disease Control Policy* at all times.
2. It is the responsibility of each individual volunteer to convey to St Croix Valley Habitat in a timely manner any perceived errors, omissions, or necessary revisions to our safety procedures and practice a "See something, say something" attitude when it comes to safety and health.
3. Personal protection equipment (PPE) will be provided by St Croix Valley Habitat, but volunteers are welcome and encouraged to utilize any additional PPE (at their own expense), which they feel is necessary to safely perform their duties.
4. Any volunteer experiencing symptoms of an infectious disease will not be allowed to return to the work without a written explanation from a physician.

I have read SCVHFH's COVID19 exposure prevention policy and safety protocols, and by my signature acknowledge my understanding and agreement with them.
