

Equipment

We aim to provide children with resources and equipment which help to consolidate and extend their knowledge, skills, interests and aptitudes.

We provide a sufficient quantity of equipment and resources for the number of children and equipment and resources which promote continuity and progression.

We provide natural and recycled materials which are in good condition and safe for the children to use.

We check all resources and equipment regularly and repair and clean, or replace any unsafe, worn out, dirty or damaged equipment.

We plan the provision of activities and appropriate resources so that a balance of familiar equipment and resources and new exciting challenges is offered.
