

PREDATOR

PARTS MANUAL

PENDPAC

Made In U.S.A.

SERIAL NUMBER:

VB: _____

MFG. DATE: _____

0600-007-3-2007

WARRANTY

There must be in the file of Pendpac within ten (10) days after delivery of an Predator Unit (The "Product"), a valid warranty registration card which the customer should fill out immediately after the "Product" is sold. The warranty card is enclosed in the Parts Manual. Pendpac will not be obligated to warranty the unit unless this registration is on file.

Pendpac warrants the "Product" sold to be free from defects in material and workmanship under normal use and service for six (6) months after the date of delivery to the initial user, subject to the following provisions:

I. This warranty is limited to the repair or replacement of parts such as shall appear to an PENDPAC representative upon inspection to have been defective in material or workmanship. A Warranty Authorization number must be issued by a Pendpac representative before warranty work is to proceed. (Failure to get authorization may result in non-reimbursement.) There must be a warranty claim form (supplied by Pendpac) properly filled out and mailed to Pendpac within thirty (30) days of the date of failure. Parts needing to be returned must have a return authorization number and must be returned to Pendpac within thirty (30) days for inspection before credit can be given. Warranty parts shall be shipped to the factory pre-paid motor freight or standard U.P.S. Warranty parts will be shipped from the factory motor freight or standard U.P.S.

II. Warranty with respect to optional equipment is subject to warranty by their respective manufacturer. Such warranties shall be handled direct through the respective manufacturer or their distributor.

This warranty is in lieu of and excludes all other representations or warranties expressed or implied and does not apply where alterations or structural repair has been made to the "Product" without written authorization by a Pendpac representative. Pendpac's obligation under this warranty does not apply in case of any alterations, accidents, misuse, abuse, neglect, or if maintained or operated in other manner than recommended or approved in the PENDPAC Owners Manual

THERE IS NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE NOR IS THERE ANY OTHER WARRANTY, EXPRESS OR IMPLIED, EXCEPT AS SPECIFICALLY STATED HERIN. PENDPAC SHALL IN NO EVENT BE LIABLE FOR ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES OR CLAIMS OF ANY THIRD PARTY AGAINST CUSTOMER.

IMPROVEMENTS

Pendpac reserves the right to make changes in design and improvements whenever it is believed the efficiency of the products will be improved, but without incurring any obligation to incorporate such improvements in any product which has been shipped or is in service.

TO OUR CUSTOMERS

This manual provides you with the necessary information for the proper parts ordering for your Predator unit plus basic options.

If special schematics are required for the option ordered, they will be inserted in the option section as "special options".

Any questions or problems concerning the electrical or hydraulic schematic should be discussed with Pendpac's service department before changing or modifying.

IMPORTANT

The data and information listed herein is correct to the best of our knowledge and belief. Having been compiled from reliable and official information. However, we cannot assume any responsibility for possible error.

OPERATING INSTRUCTIONS

BLOWER OPERATION:

1. Do not operate the blower unit until you have read the Operations Manual that comes with the blower your unit is equipped with.
2. To operate the blower unit the System must be turned on and the access door must be closed and latched.
3. If the access door is opened while the blower motor is running the system is wired to immediately kill the blower motor. Do not alter or disable this feature or bodily injury or death can result.
4. Report any problems to your supervisor and DO NOT OPERATE this unit if not functioning properly. Contact PENDPAC if new switches or safety decals are needed.

CAUTION

NEVER OPEN ACCESS DOOR
WHILE BLOWER UNIT IS RUNNING.
TO OPERATE BLOWER MOTOR
—CLOSE ACCESS DOOR AND LATCH—
—PREDATOR SYSTEM MUST BE ON—
& TRUCK ENGINE MUST BE RUNNING.

0605-770
PENDPAC

CAUTION: ACCESS DOOR MUST BE CLOSED AND LATCHED FOR BLOWER UNIT TO ACTIVATE. BODILY INJURY OR DEATH WILL RESULT IF PROXIMITY SWITCH IS DE-ACTIVATED!

CAUTION

Unauthorized substitution of parts may affect the performance of this Predator unit possibly resulting in malfunction and leading to damage to equipment or injury to personnel. Only approved replacement parts should be used in the repair of this unit.

Pendpac conducts a continuing program of product improvement that can result in changes or additions of parts. We also maintain multiple sources for many of the parts and components we purchase. When ordering replacement parts, specify the serial and model numbers of the unit being repaired so we can assure that the proper part is sent.
