To request warranty, visit our website at www.pendpac.com and complete the on-line Warranty Request Application

Refuse bodies manufactured by Pendpac, Inc. are supplied and sold under a Limited Warranty in that they are and will remain free of defects in workmanship or material for a period of twelve (12) months from the date of original sale under reasonable conditions of use and operation, providing required planned maintenance services are performed. The body shell structure and paint shall remain free of defects and workmanship for a period of twelve (12) months. Extended warranty packages are available for purchase at extra cost.

During the Limited Warranty period, Pendpac will cause to be repaired or replaced, as Pendpac may elect, any part or parts of such machine that Pendpac's examination discloses to be defective in material or workmanship. A Warranty Authorization number must be issued by a Pendpac representative before warranty work is to proceed. There must be a warranty claim form (supplied by Pendpac) properly completed and mailed to Pendpac within thirty (30) days of the date of failure. Parts required to be returned must have a return authorization number (supplied by Pendpac) and must be returned to Pendpac within thirty (30) days for inspection before credit can be issued. Warranty parts shall be shipped to Pendpac prepaid motor freight or standard UPS. Warranty parts will be shipped from Pendpac motor freight or standard UPS.

After three (3) months, performance of adjustments or the replacement of wear/expendable components are not covered under warranty. This limited warranty is the sole and exclusive warrant of Pendpac.

Genuine Pendpac replacement parts, components and assemblies are sold under a Limited Warranty to be free from defects in workmanship or material for a period of six (6) months. This is a replacement only warranty. The use of any part other than parts approved by Pendpac may invalidate this warranty. Pendpac reserves the right to determine, in its sole discretion, if the use of non-approved parts shall invalidate the warranty. Nothing contained in this warranty shall make Pendpac liable for loss, injury, or damage of any kind to any person or entity resulting from any defect or failure in the machine.

The following items are not covered by this Pendpac Warranty Policy and manuals and are the responsibility of the user:

- Normal preventive maintenance and service as recommended by Pendpac's service and maintenance manuals and service bulletins.
- Replacement of light bulbs, lens, reflectors and fuses.
- Adjustments or modifications of any kind.
- Failure for any reason other than defective material workmanship.

- Failures as a result of the user's non-compliance with applicable Pendpac service manuals and bulletins.
- Failures resulting from inadequate service, improper operation and/or repair by the user or repair facility.
- Failures resulting from the use of parts other than genuine Pendpac parts that were purchased from authorized Pendpac representatives.
- Failures caused by use for purposes other than those for which the equipment was designed.
- Failures caused by alteration and/or modifications other than as performed at Pendpac's factory without prior approval by Pendpac Warranty department.
- Replacement of wear pads, rollers, scrapers and wearing surfaces that are designed and expected to wear and thus require replacement under normal use.
- Failures caused by natural disasters such as fire, flood, wind, lightning and other acts of God.

This warranty is in lieu of and excludes all other representations or warranties expressed or implied and does not apply where alterations or structural repair has been performed to the Product without written authorization by a Pendpac representative. Pendpac's obligation under this warranty does not apply in case of any alterations, accidents, misuse, abuse, neglect, or if maintained or operated in a manner other than recommended or approved in the Pendpac Operation Manual.

There is no warranty of merchantability or fitness for any particular purpose nor is there any other warranty, express or implied, except as specifically stated herein. Pendpac shall in no event be liable for any special, indirect or consequential damages or claims of any third party against the customer.

Pendpac reserves the right to make design changes or improvements in its products without imposing any obligation upon itself to change or improve previously manufactured products. In no event shall Pendpac assume liability for any incidental, consequential or special risks or damages arising from the use or misuse of the information provided herein, breach of warranty, breach of contract, negligence, strict tort liability or any other legal theory and/or hypothesis. Such damages include but are not limited to: loss of profits, savings, capital or revenue, loss of use of refuse body, parts, components or assemblies, cost of rental equipment, facilities or services resulting from downtime, claims from third parties (including customers) of injury or damage of property, cost of towing, transporting or storing equipment, cost of lodging and transportation for any persons. All risks and damages, incidental or otherwise, are entirely the responsibility of the user. Pendpac will not assume responsibility for errors or omissions or subsequent design changes with regard to the materials provided.
